VOL. LXXVI. NUMBER 49

## Aqua Center Opens Classes For Beginning Swimmers

Dr. George Jensen, public health chairman for the Antioch Aqua Center, recently reported that 450-500 children took part in Memorial Day activities at the pool. The boys and girls dived for prizes in the Lions Club Treasure Hunt which offered carnival ride tickets and free snow cones. The carter tickets will be used at the Antioch Summer Festival the week of July Fourth.

Since 1956, the pool, under Lions sponsorship, has had 4400 pupils in water-safety, learn-to-swim, classes. According to Aqua Center president, Preston J. Reckers, Jr., that number should reach 5000 this year.

In making his release, Dr. Jensen pointed out the necessity of being able to swim. "For instance many colleges require a high degree of swimming proficiency before

graduation," he stated when speaking of Physical Education majors.

The instruction period at the pool is split into four sessions. The first session (June 11 to 22—Monday through Friday) will deal with Jr. and Sr. Life Saving (9 a.m. to 11 a.m.), Small Craft Instruction (11 a.m. to 12 noon) and a Pre-School course for 4, 5, and 6 year olds (12 noon to 1 p.m.).

The second session (June 25 to July 6—Monday through Friday) will include Swimmers (9 a.m. to 10 a.m.) and Beginners and Intermediates for the rest of the day until 1 p.m.

Following the same schedule, the remaining two sessions (July 16 to July 28 and August 6 thru 17) will handle the same courses as the second session.

## Summer Registration Soars to 116 at ATH

Final registration for ATH summer school is scheduled for June 12 and 13. Summer school officially begins on June 14. Monday, June 18, will be the last day a student may enter a class. In keeping with the national holiday, no school will be held July 4. The summer session at ATHS will end July 28.

There are already 116 students signed up for this year's session compared to 35 at this time last year.

The purpose of the summer school period is to permit students to accelerate their public school program by earning additional credits toward graduation.

This time of schooling also permits students to make up work which they have failed to complete satisfactorily during the regular term.

Courses of special content, not available during the regular school year, are also offered to summer school stu-

dents as incentives for attendance.

Courses offered this year are English I, II, III; World History, American History, General Science, General Math, Algebra I, English I R, Refresher Arithmetic, and Safety Education.

Heavy enrollment this year is found in Typing, Development Reading and Driver Education Behind the Wheel.

## Car Rams Semi-Truck

Two men were injured in an auto crash at the junction of Rte. 173 and 45 last Friday at 6:25 a.m.

John J. Walkos, 41, of North Lake was driving a semi-truck north on Rte. 45 when Sidney Anderson, 28, of Antioch ran the red light at the intersection and smashed into the truck.

Both men were seriously injured in the collision and were taken to the Zion Community Hospital for treatment by the Antioch Rescue Squad. Anderson was issued a citation for running the light by the Lake County Sheriff, who reported the accident.

## Cars Collide Near Tollway

A car was forced off the road at Rte. 173 and Fifth Avenue near Antioch last Thursday.

At 3:25 a.m., John F. Schultz, 23, of Chicago was proceeding west on Rte. 173 when he saw Lars H. Robel, 20, of Wisconsin coming toward him going east. Robel's car went across the center line and was in the wrong lane in front of Schultz who went off the road in order to avoid hitting him.

Damages were done to the left side of Schultz' car. No injuries were sustained by either party.

Robel was given a citation for driving on the wrong side of the road.

## Resident Suffers Fall from Ladder

Arthur Mayerle, of 282 Illickory Lane, Antioch, was taken to the Antioch Clinic for treatment last Tuesday, June 5, after falling from a ladder.

The Antioch Rescue Squad removed Mayerle to the clinic at 11:10 a.m.

Dr. James Kopriva was the attending physician.

## Rescue Squad Finds Local Man D. O. A.

The Antioch Rescue Squad removed the body of John Robert Ulbrich, 70, from his home on Lake Avenue at Channel Lake last Thursday.

Doctor Edward Abderhalden pronounced Ulbrich dead on arrival.

# Board Releases Budget In Fiscal Year Review

## Oil Men to Back Band

In preparation for the gala Antioch "Summer Festival," the Antioch Oil Men's Association will sponsor the famous Bristol Band in the Festival's parade on July 8.

The band, known for their farmer-boy uniforms of straw hats, red bandanas and overalls, was sponsored by the Association in last year's Civil War Centennial parade.

The Oil Men's Association reached the decision to sponsor the band again at their regular meeting held at Adolph's Channel Inn last Monday night.

The band is also scheduled to play during the Thursday night concert performances on July 5. The entrance of this highly-respected group into the joint-organization affair marks the third band to participate.

## Diane Martin Enters Contest

Diane Martin

Another entrant in the Beauty Pageant incorporated into Antioch's "Summer Festival" to be held the week of July 4th, is Diane Christine Martin, 18, of 1803 Lehmann Blvd. in Lake Villa.

Daughter of Mr. and Mrs. Ray P. Martin, Diane will be judged in the Lake Region Jaycee sponsored contest on the grounds of beauty, form, posture, charm and talent.

Participating in many school activities at ATHS, Miss Martin devoted most of her time to the GAA association.

## Alonzo Runyard Dies at Age 61

Alonzo R. Runyard, 61, of Rosings Subd., died at 5:30 a.m. Wednesday in Illinois VA Hospital, Maywood, after a lengthy illness.

Mr. Runyard was born in Antioch Oct. 17, 1900 and has lived here all his life, with the exception of wintering in Arizona the past several years.

He was a member of the Antioch Methodist Church and was Past Commander of the Antioch American Legion Post No. 748.

Mr. Runyard served with the U.S. Marine Corps in World War I, with the Fifth Regiment, 49th Infantry Company. He was awarded the Croix de Guerre from the French Government for heroism, and other citations.

At the time of his death, Mr. Runyard was a retired carpenter contractor.

Surviving are his wife, Dortha L. Runyard; one daughter, Mrs. Donald (Billie Mae) Mulks of Union Grove, Wis.; his mother, Mrs. Mary Runyard of 445 Lake St., and two grandchildren.

Private services were held Saturday at Strang's, with the Rev. Carroll Lindman of Antioch Evangelical Free Church officiating. Burial was in Fox Lake Cemetery.

## Couple Petition For Property Annexation

The Antioch Village Board approved and passed the village's fiscal-year budget ending April 30, 1963, in their regular monthly meeting last Monday.

Figures released by Village Treasurer, Martha Hunter, included a breakdown and total receipts for the year which came to \$145,181.29. Total cash on hand which includes all accounts comes to \$567,634.90.

In their regular business the board was requested, via Al Smith, a representative of the Knights of Columbus, St. Peter's Council, to change the group's carnival dates from August 16, 17, 18 and 19 to the week of August 23-26.

The Board approved of the dates and insisted that a minimum of \$25,000 liability insurance be provided for the event.

Four representatives of the Antioch Grade School Band requested that Saturday, July 7, be named a village tag day in order for the band association to solicit funds.

Mayor Cunningham instructed the street and lighting committee to look into the possibility of blacktopping McMillen and Anita streets in Sequoit Acreage.

The Board then authorized village engineer, Dave Miller, to draw up blue prints for bids on the project.

Ray Toft, Police Commissioner, stated that 103 parking tickets had been issued this last month and 21 moving violations in traffic had been committed within the village limits.

He also reported 11 accidents and 1 fire call.

In reappointment of officers and committees, Mayor Cunningham instructed all present committees to stand as is, and recommended that Walter I. Scott, as Police Chief of Antioch; Martha Hunter, as Village Treasurer; Edward Jacobs, as Village Attorney; Edgar Simonsen, as Fire Chief; and A. N. Berke, as Health Officer be retained for the coming year.

**Petition Shown**

The Board, after its formal business, accepted a petition for annexation of a parcel of land in Rinear's Acres Subdivision which is located east of Anita Avenue and south of Depot Street.

This request was made by Walker H. and Anita E. Curnes, who also petitioned for the vacation of lots in the subdivision's flats north of Depot Street for relocation.

Before concluding their business, the board was asked by village engineer Dave Miller for two resident engineer inspectors in addition to his general supervision concerned with the work-in-progress of the sewer and water project.

The Board recessed the meeting to another undisclosed time.

The Village-Budget will be published next week in the Antioch News.

**Blame Passed In Accident**

An accident involving two cars took place last Thursday, May 20, at the intersection of Rte. 173 and the Illinois Tollway Exit.

John H. Bielefeldt, 66, of Chicago, stated that he had just driven off the tollway when, at a stop and waiting to go onto Rte. 173, Robert Scheffel, 31, of Wildwood, went past him, stopped and backed up into his car.

Scheffel denied this report and stated that Bielefeldt started to cross in front of him and he therefore struck his car.

Although damages were done to both cars, no injuries were sustained by either party.

**Blame Passed In Accident**

Although damages were done to both cars, no injuries were sustained by either party.

Although damages were done to both cars, no injuries were sustained by either party.

## "Teahouse" Boasts Successful History

By Jay Nash

One of the most notable of present-day American comedies, "Teahouse of the August Moon," will be presented by Antioch's own local theater group—Palette, Masque and Lyro.

Performed in the ATHS auditorium, the play will run for two nights, beginning June 22. The show first opened in the fall of 1953 and ran for 29 months, playing to mirthful and packed houses.

Spooking the army's systematic red tape process in "getting the job done" the play takes place on a Pacific island, where a veritably inefficient group of American soldiers attempt to institutionalize Yankee ideas throughout the carefree Okinawa populace.

Jim Bill Cain will enact the part of the unpredictable Sakini, the ragged and humorous Okinawan employed as an interpreter by the U. S. Military Government on the island.

Featured as the absent-minded, overbearing and sometimes ridiculous Colonel Purdy is Homer LaPlant. Dan Seyfarth and Joe Hunley will also portray supporting roles in the production.

Pat Mitchell will have the principal feminine role—that of a geisha girl whom the earnest Capt. Flisby (Larry Welch) is embarrassed to have presented to him as a "gift."

Maurice Evans, noted actor-director-producer, commissioned writer John Patrick to write the stage version of the original novel by Vern Sneider. Sneider's military farce met with considerable success

when first published in 1951. "Teahouse" in the season of its original Broadway production, claimed the Pulitzer Prize and the New York Critic's Award, being the fifth American play in history to do so. The play also topped the Donaldson Award, the Aegis Theatre Club Award, The Theatre Club Award and Others.

As a note of interest, the playwright John Patrick had an extremely creditable record behind him before undertaking to write "Teahouse." Numbered among his play successes, "The Hasty Heart," "The Curious Savage," and "Lo and Behold." Screen credits include "Three Coins in the Fountain," "Love is a Many Splendored Thing" and "Some Came Running."

The movie version of "Teahouse" starred Marlon Brando as Sakini, Glenn Ford as Capt. Flisby, Machiko Kyo as Lotus Blossom, Eddie Albert as Capt. McLean and Paul Ford as Col. Purdy.

## Nick Badame Sells Antioch Cab Outfit

The Antioch Cab company, formerly owned by Nick Badame, present proprietor of "Weasel's Lounge," has been purchased by Ray Toft and George Walker, who are going into partnership.

Walker stated that the new company would retain the same name Badame used.

The purchase involved two cabs, entire radio units and equipment, including a license to operate.

# Antioch Township High Graduates 122 Students

The Baccalaureate Program at Antioch Township High School on June 3 and Commencement program held on June 4 featured The Rev. Father Alfred D. Henderson and Dr. Arlo Schilling as speakers.

Highlighting the exercises were classical numbers played by the ATH Band under the direction of Mr. Joseph Rush.

The Commencement program was held in the Boys' Gymnasium where the High School Select Choir, under the guidance of Miss Della Mae Tronchuk, sang two selections.

Antioch's high school superintendent, Albert J. Dittman, made the presentation of the graduating class and President of the Board of Education, Robert Denman, presented the diplomas to the graduates.

Fifteen students were graduated with honors. Stephen L. Chandler was valedictorian for the class and Joseph Paul Enis was salutatorian.

Those graduating were:

## Crusade Bus Leaves For Chicago Sat.

The Rev. Carroll Lindman, of the Antioch Evangelical Free Church recently reported that a bus would be leaving for the Billy Graham Crusade now at McCormick Place from the church's parking lot at 5:30 on Saturday.

The nightly Crusade, led by the youthful and dynamic evangelist, Billy Graham, begins at 8 p.m.

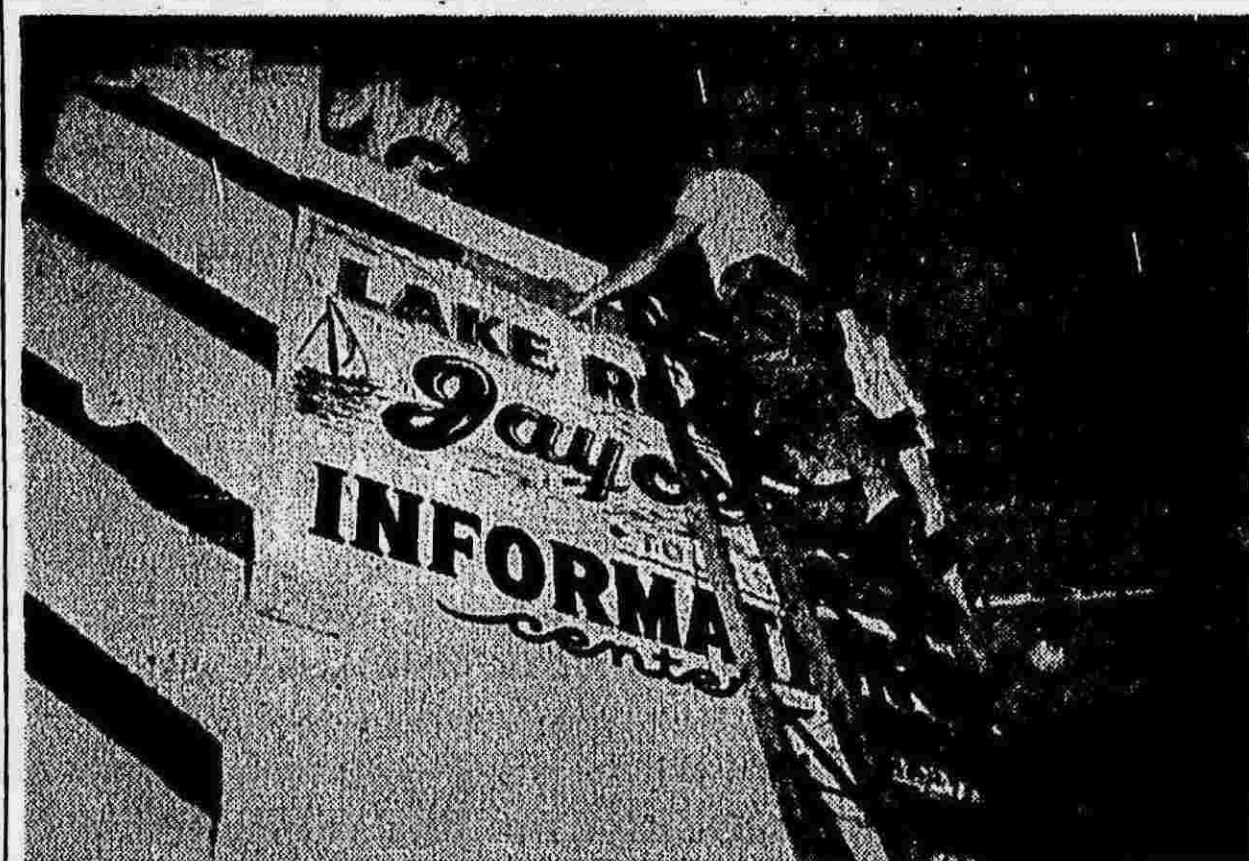

Those interested in registrations are asked to call 395-4117.

## Driver Sails Into Parked Car Nearby

Clyde Penze, of Bristol, Wis., drove into a parked car, causing an accident last Thursday, May 20, on Lake Avenue, one mile north of Rte. 173.

Time of the accident was listed by the Lake County Sheriff's office as 11:40 a.m. Penze, who turned into the driveway of Hank's Wayside Inn, struck the car of Marlin H. Tauger, of Wilmet.

No injuries were sustained.

PUTTING UP their information center sign are Lake Region Jaycees whose center services all tourists and vacationists to Antioch with information regarding hotel and motel accommodations, dining areas and events of recreation and amusement.

# EDITORIAL

## Antioch's Determined Organization

A round of applause everyone.

With almost nothing to work with financially and hampered by job difficulties outside interests, a small but determined group of young men known as the Lake Region Jaycees have gone into the summer season in Antioch with a full program of activity. This group has assumed responsibilities and obligations that reach far beyond their expected scope. And they are getting the job done!

During the months of this last busy year, the Jaycees have held a Charter Night Banquet, promoted and operated a community skating rink, helped to sponsor a bicycle race, have presently constructed an invaluable and instructional information center in downtown Antioch, brought a circus to town for the entertainment of young and old and are still planning more events.

This Sunday, for instance, the organization is sponsoring a safe driving radio and may hold a wrestling match in August in order to benefit the community.

These young men, hard workers all and dedicated to the task of formulating their splendid group into a hard-core, civic-minded organization, are a definite credit to their community, and from all indications will become a group that the entire population of Antioch will depend upon.

Spirit, which is always a necessary ingredient for the existence of such organizations as the Jaycees, is abundant through its membership. Participation, on the part of each member, in their many-faceted endeavors has been that of a joint venture in order to better the community in which they live.

The ill-fated Antioch Chamber of Commerce, at first exuberant with internal participation, then less frequented at meetings by its members, then dead through inactivity and indifference should, however, serve to show the Jaycees that their enthusiasm must be sustained in order that they survive as a socially functional organization.

Merchant-backing, along with exceptionally good cooperation from village officials, seems to be the secret of success with the Jaycees.

Let us hope that the now-happy relationships between the merchants, village officials and the Jaycee group continues to grow.

In that way, this organization, with its fine record of accomplishment, will thrive in Antioch and inspire similar groups to work together in a common cause for all.

## PENNING THE NEWS:

## Avoiding the Needle

It can be a temptation when you turn your story in to casually mention "hubby" happens to be a big advertiser with the paper. This is not the best way to make friends and influence editors. I can tell you from first hand experience that the editor will react adversely to pressure of any kind.

Most papers draw a sharp line between news and advertising. Regardless of the merits of your story, advertising pull will do little to influence the editor. Then there is the favorite of all newspapers. A social group plans to hold a dance. The publicity chairman, wanting to be fair, takes a news item to the newspaper and an ad to the advertiser. This may seem logical but remember that the newspaper sells advertising, too.

**Names Names Names Names**  
In almost every publication—daily, weekly or monthly—you'll find at least one column headed with something like, "Names make News," "Along Our Street," "In and About Our Town," etc.

Reason—They contain names, and names sell newspapers. People, unless they're dope peddlers, murderers, or bad check writers, nearly always like to see their name in print. A person whose name appears in a complimentary way in a newspaper or other publication will buy not one but a dozen copies.

Experience has taught newspapers that names help build circulation... the greater the circulation, the higher the advertising rates... the higher the rates, the greater the profits, and some of these

profits may find their way into the editor's pocket as salary increases.

So it's well worth the effort to include all the names of the important people that were there. Officers, speakers, committee members, guests, etc.

When reporting the names, use the form "Mrs. John Black" rather than "Mrs. Ruth Black." The important thing is to get the complete name, and addresses where possible, and to be consistent.

On some occasions it isn't fitting to include full lists, but if you are in doubt, do it. Should you find yourself in the possession of all the names but one or two, it's your responsibility to find the missing names.

It's rather irritating to a person to read an account of an event in which they took an important part and find that everyone else was included in the story but he/she was left out. Stories have been discarded for the lack of this important detail.

One other thing before we leave the dos and don'ts for this week. A great many people submitting items for papers have a standard request. "Would you please send me a copy of the issue in which my article appears?" Nearly always they will do so, but it's a troublesome thing and it is felt by most editors that the people should take enough interest in their story to secure their own copy.

Next week, we'll go into one of the most important and hardest-to-come-by items that weekly publishers need and use, Photographs.

THE ANTIOCH NEWS  
THURS., MAY 30, 1962

By Jay Nash

The recent stock market decline echoed the gloomy economic voice of the Jazz Age. Still unbalanced, an estimated 14 million shares of stock changed hands faster than the electric eyes of ticket-tape machines could follow last Monday.

Panic ran the ranks of both American and European stock exchanges, not to mention the apprehensive and almost fatalistic murmur of fear from non-stockholders.

What if the ticker breaks down all the way—stocks are wiped out? But the banks won't fail this time. The Federal Government backs up the banks. These were, perhaps, some of the thoughts within the nucleus of America's economic brain.

Strange as it may seem, if the market had collapsed instead of recovering rapidly Tuesday and a succeeding run on the banks did materialize, the Government would have to keep the promise of guaranteeing financial holdings. This might be quite difficult for the government to do, especially when its own financial status is wobbly.

The government's gold reserve, constantly flowing out of the country in foreign aid and trading has enriched other countries and not our own. The non-reduction in government spending and the rise of costs and taxes has not aided our financial status either.

Anyway one looks at the problem, the cause of Wall Street's near-disaster can be attributed to the present administration and its spending policies and not that of deficient faith in solid companies by the American public.

The Wall Street crash of 1929 was expected. Andrew Mellon, holding the high federal post of Treasurer of the United States at that time, stated that the financial threat would "diminish." Instead the market diminished until it vanished.

Following an extreme farm depression in 1927, the market soared to dizzy heights on false profits based on speculative margin investments. The great share of investments, coupled with shady companies and unethical brokers, forced the small investor with his life savings to buy to capacity and then sell for almost no return. A great number of companies were simply non-existent and the little guy became the fall guy.

When Black Thursday arrived on Wall Street in 1929, and panic swept the entire nation when news was relayed by radio that the market had disappeared, hundreds of thousands of persons went immediately to their banks and attempted to withdraw their savings. The banks, having only small working capital on hand, exhausted their supply of monies and were also broke within a short period of time.

All of the wealth the Jazz Age had to offer—harebrained investments, impractical buying and spending, a tottering stock market and a careless spending-spreening generation of flappers and philosophers toppled down to ruinous depression.

The fate of our country in 1929 might well serve as forerunner and not a talisman of our present fate, if something is not done to curb the reckless expenses of our present bureaucratic government and to put our international debt within the realm of realistic payment.

## Courthouse Notebook

BY EUGEN BURKIN

If the Democrats in Lake County display the same fighting spirit next fall that they exhibited in trying to keep poor old "Doc" Nordstrom off their ticket in the special primary for State Senator, the Republicans are going to have a battle on their hands.

William Hartnett, Democratic Central Committee Chairman, was even able to enlist the support of Lake County's only daily, a strange alliance indeed, in his battle with the politically-minded pharmacist.

We recall with some gloom Nordstrom's earlier battles with the regular parties and with the "legitimate" candidates, particularly the late Nick Keller, but we must agree that in this particular instance he has overstepped the bounds.

There is an appreciable difference between a legitimate candidate of the two parties, GOP Robert Coulson, and the Democrats' John Green, but Nordstrom would hardly qualify for this distinction since he has shown himself to be something less than a strong candidate in the past and has made a mockery of the election process.

Hartnett's careful scrutiny of the Nordstrom nominating petitions could establish an unhappy precedent for candidates in the future and it could even work a hardship on some precinct committeemen in both parties.

As a rule, a candidate will send petitions to each precinct committeeman and ask that he get them filled out and returned.

We don't know this for sure, but we have heard rumors that many of the signatures have suspicious similarities in handwriting style and there is abroad in the land a strong feeling that some committeemen fill out the petitions quite literally.

Waukegan Mayor Robert

## William Terry Is Promoted

SHEPARD AFB, Tex.—First Lieutenant William L. Terry, Jr., formerly of Antioch, has received a regular Air Force commission.

Lieutenant Terry, who previously held a USAF reserve commission, was selected in competition with other reserve officers on the basis of his performance of duty, educational background and potential as an Air Force Officer.

The lieutenant, a personnel officer at Sheppard, is a graduate of the University of Illinois. He is the son of Mr. and Mrs. William F. Terry of 7415 Diversey of Elmwood Place, Ill. Lieutenant Terry and his wife, the former Mary E. Shepard of 654 N. Main St., Antioch, have one child, Kelly.

## Along The Way

With Annie Mae

The melodious "foot, foot" of a callopie, the lumbering and swaying of several tons of pachyderms, brings nostalgic memories of other Circus days to you and me. But to the baseball and jump-ropes set the anticipation of a "real live" Circus arriving in town filled the air with the electric laughter and joy that belongs only (and rightfully so) to childhood. Whether you are young, old, or in-between (and that's you and I), what would summer be without a Circus?

Another accomplishment of the Jaycees (they sponsored the Circus, you know) was the opening of their Info Center on the corner of Lake and Main Streets. Who wouldn't want information from the good looking "man in the booth"? Randy McConahay!

There is another fellow with a pleasant summer job: Larry, who directs the cars around the Main Street construction site, while having the opportunity of "watching all the girls go by." And quite a few stop and visit, too!

Don Gaston has come up with the latest in built-ins! A flashing red. He built it right into the walls of his garage when he sheeted it this spring. Only thing is that it took a saw, drill, and a couple of holes in the dry-wall to get it out!

There may be a pot of gold at the end of the rainbow, but instead there was a heap of happy kids and tired adults at the end of more than 300 free rainbow cones they gave out at the opening of the Aqua Center Wednesday.

Grace Amendola, who directs (on her own time) a chorus of first through fourth grade voices at the Channel Lake School, literally received her thank you "on a silver platter" at the Graduation last Thursday. The school board gave it to her in appreciation for the wonderful work she has done.

Of the His n' Her who doubly toil,

I missed a pair who deal in oil!

## Your Governor Reports

by OTTO KERNER

The social and economic crises engendered by unemployment is the subject of a conference being held in Chicago June 8 and 9. Attending are representatives of government, labor, management, education and community agencies. The purpose: To develop a program or coordination of private and public agencies to encourage the employment of youth.

Participating with me in this conference are business executives and state and federal authorities in education and labor. In addition to the subjects being covered by the speakers, workshop panels are discussing topics such as Youth in Rural Areas, Disadvantaged Youth in Urban Areas, Gearing Education and Training to Tomorrow's Labor Market, Coordination of Public and Private Efforts to Encourage Hiring of Youth, and Education and Employment for the Slow Learner.

The presently known numbers of unemployed youth and the prospects of increased numbers of young people who will enter the labor force are cause for alarm. This is a matter for grave concern and the need for formative steps to meet this problem are increasingly apparent.

We know for instance that current population figures indicate a possible 75 per cent increase in the number of 16-

year-olds in Illinois by 1975. By 1970 the increase of those between 18 and 21 years of age will be about 81 per cent. While these projections are for some years in the future, we are confronting a 42 per cent increase in the number of 16-year-olds in 1963 and 1964. The age 16 represents the critical year for many school dropouts and if we are even to hold the line on our present drop-out rate in Illinois, now averaging 40 per cent, and in some areas of Chicago as high as 70 per cent, we begin to comprehend the job ahead.

The urgency of this situation makes it imperative that the recommendations of this conference become more than mere thoughts to be discarded soon after birth. Unless this conference produces a plan which, when formulated into action, will begin and continue to make inroads into this social evil, we will be experiencing a cancerous situation beyond all hope of cure.

The conference represents a significant opportunity to make new beginnings; an occasion to analyze our existing problems; to take stock of what has been done, and guided by past successes and failures, plot out programs to do the job that desperately needs doing.

Different types they both do vend.

## St. Peter's Graduates 41. Honors Given for Attending

St. Peter's Catholic School recently graduated 41 students from the eighth grade. The students received their diplomas on May 30 at 4 p.m.

Those graduating were: Donald R. Brausam, Jeanne C. Colburn, Francis W. Dowling, Edward J. Elfering, David W. Endean, Nancy Kay Fasano, Elizabeth Jean Frank, Thomas Harmon Garwood, Ryan R. Gilday, Virginia Ann Gudgeon, Glen C. Halaman, Edward P. Haley, Terrence M. Harrison, Ronald F. Horton, Gerald F. Knigge, George A. Kuzmickas, Stanley G. Kuzmickas, Maria Theresa Lang, James H. Lubkeman, Theresa Elizabeth Matussek, James Francis McCarthy, Donna Lee Mohr, Timothy Terry Mortensen, Robert A. Mozal, Karen L. Mueller, Frank R. Mueller, Elizabeth Ann Nardi, Sandra Eileen Pedersen.

Timothy P. Froeme, Robert J. Rampy, Kim C. Randall, Barbara Grace Reband, Jane M. Ring, John M. Ring, Kathleen Ann Ryan, Sheila Kathleen Ryan, Edward James Roach, Patrick Daniel Sheehan, George William Stahl, Lorraine E. Stepenko, Kathleen L. Toman.

Besides rendering the students their diplomas, awards were given for perfect attendance. Ronald Horton (8 years), Karen Mueller (2 years) and 1-year awards to Francis Dowling, Edward Haley, Terry Harrison, Timothy Mortensen, Barbara Reband, and Edward Roach were given awards.

The American Legion Medal, which is awarded by a vote of the class, went to both Timothy Froeme and Kathleen Toman.

Maria Lang was awarded \$100 toward high school expenses by the St. Peter of Antioch Knights of Columbus Council No. 3800.

## Grade School Graduates Eighty-Three 8th Graders

The Antioch Community Consolidated Grade School graduated 83 eighth graders last Thursday.

Music offerings were given by the Grade School Band under the direction of George Ollar. The invocation was given by the Rev. Father Edmund E. Hood.

Board of Education president, Leslie W. Sorensen, gave the formal welcome to the students and gathered group of faculty and parents. W. C. Petty, Lake County Superintendent of Schools, gave the address and presented the diplomas to the graduates after being introduced as the day's speaker by the school's Superintendent, Richard Whitacre.

Those graduated were: Richard Lynn Albano, Lark Mary Andra, Donald Walter Andersen, Jr., Thomas Bradley Blackman, William R. Blalock, Mary Christine Booker.

Roger Brandenburg, Linda Pearl Brown, Edith Renee Capano, Susan Shirley Carlson, Barbara Dale Casella, David Allen Chandler.

Elizabeth Gail Chestham, Eric Cordell Conrad, Robert M. Cook, William Paul Coon.

John Albert Corris, Dale Howard Crandall, Wayne Dean Dundee, Terry James Eckert, Ricky Lee Erickson, Janet Gail Feller.

Corby Lee Fletcher, Shirley Bernice Geldon, Barbara Jean Hoase, Michael James Hatfield, Douglas A. Hellstern, Stephen Tremayne Henning, Donna Jean Hill.

Hugo Holbek, Thomas Henry Homan, John A. Horan, Joseph Arthur Huber, Joyce Ann Hull, Brad Charles Ipsen, John Norman Jodelo, Rhoda Ruth Jodelo, Sharon Lee Jefferson.

Melannie Cheryl Jensen, Barbara Lynn Johnson, Mickie Lee Jones, Ted Phillip Koptain.

Harold Henry Knutsen, Jr., Carol Ruth Larson, Joan Marie Lindblad, James George Lonson.

Dwight Wayne Loyd, Phillip Dean McDonald, Donna Lee McIntosh, Arthur Richard Meierdick, William John Meyer III.

Patricia Jean Moran, Cynthia Merry Mortensen, Marjorie Dale Orear, Wanda Joy Orear, Linda Kathryn Palinski, Richard Leslie Palmer.

Marilyn Ann Pierce, Cheryl Lee Plack, Paula Kay Reeves.

Linda Ann Ripley, Dorothy Ann Sarbacher, David Lee Serres, Larry Allen Smith, Wayne Allen Sobczak, James Leslie Sorensen, Linda Lee Sterbenz, Michael Patrick Sterbenz, Donald Lee Strang, Norman Walter Sturm, Nancy Ellen Tammen, Nell Dean Taylor, Jill Dawn Thompson, Tommy Mirt Thompson, Norman Lee Van Rooyen, David Randall Wardwell, Harold C. ## Millburn News

Regular services at Millburn Congregational Church Sunday, June 10, Sunday School and Church Services at 10 a.m.

Bible School classes will begin at Millburn church Monday morning, June 11, at 9. Children 4 years of age and older may attend. The session will last one week. Classes from 9 to 11:30 a.m. each day.

The Devotional Study Group met at the home of Mrs. Caroline Whipple May 24, with 18 present. The next meeting will be held at the home of Mrs. Bert Doolittle at 9 a.m. Thursday, June 14.

The Confirmation Class of 1962 at Millburn consisted of 10 boys and girls. All were confirmed at the Millburn Church, at the regular Sunday morning service.

George Butler who has been a patient at Condell Memorial Hospital for several weeks returned home Friday.

The ninth meeting of the Millburn Maidens 4-H Club was held May 21 '62 at the Millburn School. The club is planning a tour of a store or factory in the community.

The club has previously toured a florist shop, a bakery and a clothing store. Talks were given by Mary Paulsen on "Having a Good Breakfast" and Mary Jane White on "Selecting Containers for Flower Arrangements." Demonstrations were given by Patty Denman, "Putting in a Hem," and Virginia White on "Preparing Basic Sweet Dough."

The fifth meeting of the Millburn Hornets 4-H Club was on Monday, May 14 at 8 p.m. in the Millburn School. Talks were given by Bob Brown on Mallard Ducks; Martin Faulkner on Dairy Heifer; Virginia White on Show Equipment for a Beef Calf; and David DeYoung on Electricity. Jim Clem and Larry Dada came from the Gurnee Firehouse and gave a talk on Causes of Fires and Fire Extinguisher.

Mrs. James Bonner and children of Kansasville, Wis., spent Sunday afternoon, May 27, with her mother, Mrs. Harley Clark.

Mr. and Mrs. Robert Smith of Libertyville were recent callers at the home of Mrs. Frank Edwards.

The Hickory Union Cemetery Association, Inc., held its open meeting Wednesday eve-

ning, June 6, at the home of Bert Edwards, on Highway 173. Triennial election of officers was held.

The white elephant-thrift sale held at the Millburn Church recently was very successful. The unofficial sum realized was \$435. Proceeds go to the building fund.

Mr. and Mrs. Roy Becker are the parents of a son born May 11.

The Ladies Aid had "Guest Night" at their evening meeting Wednesday evening, June 6. Mylo Club members were guests. There was a business meeting of the Aid Society.

Devotions were given by Mrs. Eric Anderson, and a program by Mrs. L. H. Messersmith. There was also a guest speaker.

The refreshment committee is composed of Mrs. Kenneth Denman, chairman, and Miss Ruth Minto, Mrs. Chalmers Wooley, Mrs. Eric Anderson and Mrs. Lauren Messersmith.

Mrs. Frank Edwards and Mrs. Jacob Kalut were dinner guests at the home of Mr. and Mrs. Robert Smith of Libertyville Wednesday evening, May 23, honoring the birthdays of Mrs. John Edwards and Robert Smith.

The Millburn Ladies Aid and Mylo Club are serving a family style chicken dinner at the church Wednesday, June 13. Tickets are available from members of the Aid and Mylo Club. Dinner at 5 p.m., 6 p.m. and 7 p.m. Reservation only.

Mrs. Eva Alling of Waukegan was a caller at the home of Mrs. Frank Edwards Wednesday.

The sixth meeting of the Millburn Hornets 4-H Club was held Monday evening, May 28, at 7:30 p.m. at the Millburn School. Talks were given by Diane Geier on "Ten Steps to Successful Gardening," Allen Murrie on "Dog Care," Tom Meyer on "Signals of the Highway," David Higginson and Jack Beake on "Gardening," David Stanonik on "Pigeons and Rabbits," Jon Miller on an "Angus Heifer" and Paul Paulsen on "Wildlife Conservation."

Mrs. and Mrs. George DeYoung were in charge of the program at the Millburn Cemetery Memorial Day service. Mr. and Mrs. Eric Anderson will have the services next Memorial Day.

Mr. and Mrs. Clarence Hauser and daughter, Doreen, of Paris Corners, Mr. and Mrs. Orville Hairrell and son of Waukegan and Mr. and Mrs. Elmer Hauser and children of Beach, were callers at the home of Mrs. Frank Haer Sunday afternoon.

Mrs. Harley Clark spent several days with relatives and friends at Williamsport, Ind., last week.

The Millburn Grade School held their school picnic on school grounds Sunday.

Mrs. Kenneth Deedon and daughter, Dawn, returned home from Texas last Wednesday after visiting relatives for several days.

Mr. and Mrs. John Edwards and family and Mr. and Mrs. Robert Smith of Libertyville were callers at the home of Mrs. Frank Edwards Sunday.

All attended open house and pot luck supper at the Lt Edwards' 50th wedding anniversary.

Mr. and Mrs. Otto Haur of Wadsworth were callers at the home of Mr. and Mrs. Frank Hauser Monday afternoon.

Mrs. Erma Preder, daughter of Waukegan, was callers at the home of N. Frank Edwards Monday afternoon.

## Public Health Dept. is Challenged by Clark

SPRINGFIELD, Ill.—Attorney General William G. Clark advised the State Department of Public Health to alter its recently proposed rule to give the press and other media access to marriage, divorce and other information. This proposed rule would authorize

any county or court clerk having marriage or divorce records in his custody to furnish, under such conditions as he himself prescribes, certain information from such records to the press, and to agencies administering health, safety and other public programs. The Public

Health department administers the new Vital Statistics Act.

Clark's opinion advised Dr. Yoder, director of the State Health Department that his department can properly make a rule controlling upon a county clerk insofar as such rule is applicable to the duties of the clerk under the vital statistics act. However, the opinion said, there is nothing in the act indicating that the Department has any control whatsoever over a county clerk while he is acting as clerk of the county court.

THE ANTILOCH NEWS  
THURSDAY, JUNE 7, 1962

The same situation exists as to a clerk of a circuit court, the opinion said.

Clark's opinion pointed out that the Department's proposed rule does not provide for furnishing information concerning births and deaths to persons engaged in bona fide research, such as abstractors and suggests the proposed rule be changed to so provide.

Wise words from the past: Thomas Jefferson once said: "I have never considered a difference of opinion in politics, in religion, in philosophy, as cause for withdrawing from a friend."

## THE FLAMELESS ELECTRIC KITCHEN

WHEN YOU MODERNIZE YOUR KITCHEN, REMEMBER...

A flameless electric kitchen won't go out of date

The lady above demonstrates the amazing flexibility of a flameless electric kitchen. Because there are no fuel pipes to get in the way, she can have her automatic electric dryer wherever she wants it. There are no vents to install, no pilot to burn. So the entire laundry unit can fit into a small area behind attractive sliding doors.

Of course, the electric range is the heart of every flameless electric kitchen. With it, you can cook your meals without overheating

your kitchen (or yourself). The oven is insulated on all six sides, not just five. Hardly any heat escapes. The surface units transfer heat directly into pans and into foods—not into your kitchen.

And because electric ranges burn no fuel, no dirt is created. Your kitchen (and everything in it) stays clean twice as long.

Before you spend a penny on kitchen remodeling, get a professionally-prepared plan based on your specific needs and budget. An

experienced kitchen specialist can show you how imaginative planning can save you steps and eliminate unnecessary bending and reaching. He can also help you work out color schemes and lighting effects and help solve storage problems.

For the names and addresses of kitchen modernization specialists in your area, call your nearest Public Service Company office.

## Antioch's Determined Organization

A round of applause everyone.

With almost nothing to work with financially and hampered by job difficulties, outside interests, a small but determined group of young men known as the Lake Region Jaycees have gone into the summer season in Antioch with a full program of activity. This group has assumed responsibilities and obligations that reach far beyond their expected scope. And they are getting the job done!

During the months of this last busy year, the Jaycees have held a Charter Night Banquet, promoted and operated a community skating rink, helped to sponsor a bicycle rodeo, have presently constructed an invaluable and instructional Information Center in downtown Antioch, brought a circus to town for the entertainment of young and old and are still planning more events.

This Sunday, for instance, the organization is sponsoring a safe driving rodeo and may hold a wrestling match in August in order to benefit the community.

These young men, hard workers all and dedicated to the task of formulating their splendid group into a hard-core, civic-minded organization, are a definite credit to their community, and from all indications, will become a group that the entire population of Antioch will depend upon.

Spirit, which is always a necessary ingredient for the existence of such organizations as the Jaycees, is abundant through its membership. Participation, on the part of each member, in their many-faceted endeavors has been that of a joint venture in order to better the community in which they live.

The ill-fated Antioch Chamber of Commerce, at first exuberant with internal participation, then less frequent at meetings by its members, then dead through inactivity and indifference should, however, serve to show the Jaycees that their enthusiasm must be sustained in order that they survive as a socially functional organization.

Merchant-backing, along with exceptionally good cooperation from village officials, seems to be the secret of success with the Jaycees.

Let us hope that the now-happy relationships between the merchants, village officials and the Jaycee group continues to grow.

In that way, this organization, with its fine record of accomplishment, will thrive in Antioch and inspire similar groups to work together in a common cause for all.

## PENNING THE NEWS:

## Avoiding the Needle

It can be a temptation when you turn your story in to casually mention "hubby" happens to be a big advertiser with the paper. This is not the best way to make friends and influence editors. I can tell you from first hand experience that the editor will react adversely to pressure of any kind.

Most papers draw a sharp line between news and advertising. Regardless of the merits of your story, advertising pull will do little to influence the editor. Then there is the favorite of all newspapers. A social group plans to hold a dance. The publicity chairman, wanting to be fair, takes a news item to the newspaper and an ad to the advertiser. This may seem logical but remember that the newspaper sells advertising, too.

**Names Names Names**  
In almost every publication—daily, weekly or monthly—you'll find at least one column headed with something like, "Names make News," "Along Our Street," "In and About Our Town," etc.

Reason—They contain names, and names sell newspapers. People, unless they're dope peddlers, murderers, or bad check writers, nearly always like to see their name in print. A person whose name appears in a complimentary way in a newspaper or other publication will buy not one but a dozen copies.

Experience has taught newspapers that names help build circulation... the greater the circulation, the higher the advertising rates... the higher the rates, the greater the profits, and some of these

profits may find their way into the editor's pocket as salary increases.

So it's well worth the effort to include all the names of the important people that were there. Officers, speakers, committee members, guests, etc.

When reporting the names, use the form "Mrs. John Black" rather than "Mrs. Ruth Black." The important thing is to get the complete name, and addresses where possible, and to be consistent.

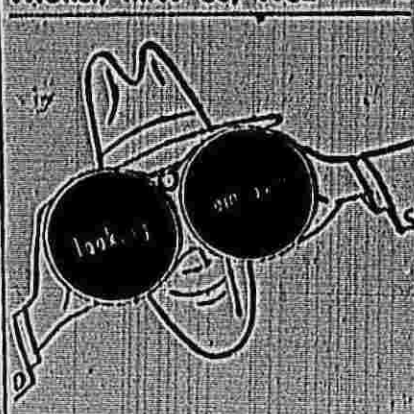

On some occasions it isn't fitting to include full lists, but if you are in doubt, do it. Should you find yourself in the possession of all the names but one or two, it's your responsibility to find the missing names.

It's rather irritating to a person to read an account of an event in which they took an important part and find that everyone else was included in the story but he/she was left out. Stories have been discarded for the lack of this important detail.

One other thing before we leave the dos and don'ts for this week. A great many people submitting items for papers have a standard request. "Would you please send me a copy of the issue in which my article appears?" Nearly always they will do so, but it's a troublesome thing and it is felt by most editors that the people should take enough interest in their story to secure their own copy.

Next week, we'll go into one of the most important and hardest-to-come-by items that the greater the circulation, the higher the advertising rates, the greater the profits, and some of these

THE ANTIOCH NEWS  
THURS., MAY 30, 1962

By Jay Nash

The recent stock market decline echoed the gloomy economic voice of the Jazz Age. Still unmitigated, an estimated 14 million shares of stock changed hands faster than the electric eyes of flicker tape machines could follow last Monday.

Panic ran the ranks of both American and European stock exchanges, not to mention the apprehensive and almost fatalistic murmur of fear from non-stockholders.

What if the ticker breaks down all the way—stocks are wiped out? But the banks won't fail this time. The Federal Government backs up the banks. These were, perhaps, some of the thoughts within the nucleus of America's economic brain.

Strange as it may seem, if the market had collapsed instead of recovering rapidly Tuesday and a succeeding run on the banks did materialize, the Government would have to keep the promise of guaranteeing financial holdings. This might be quite difficult for the government to do, especially when its own financial status is wobbly.

The government's gold reserve, constantly flowing out of the country in foreign aid and trading has enriched other countries and not our own. The non-reduction in government spending and the rise of costs and taxes has not aided our financial status either.

Anyway one looks at the problem, the cause of Wall Street's near-disaster can be attributed to the present administration and its spending policies and not that of deficient faith in solid companies by the American public.

The Wall Street crash of 1929 was expected. Andrew Mellon, holding the high federal post of Treasurer of the United States at that time, stated that the financial threat would "diminish." Instead the market diminished until it vanished.

Following an extreme farm depression in 1927, the market soared to dizzy heights on false profits based on speculative margin investments. The great share of investments, coupled with shady companies and unethical brokers, forced the small investor with his life savings to buy to capacity and then sell for almost no return. A great number of companies were simply non-existent and the little guy became the fall guy.

When Black Thursday arrived on Wall Street in 1929, and panic swept the entire nation when news was relayed by radio that the market had disappeared, hundreds of thousands of persons went immediately to their banks and attempted to withdraw their savings. The banks, having only small working capital on hand, exhausted their supply of monies and were also broke within a short period of time.

All of the wealth the Jazz Age had to offer—harebrained investments, impractical buying and spending, a tottering stock market and a careless spending-spreeding generation of flappers and philosophers toppled down to ruinous depression.

The fate of our country in 1929 might well serve as fore-runner and not a talisman of our present fate, if something is not done to curb the reckless expenses of our present bureaucratic government and to put our international debt within the realm of realistic payment.

## Courthouse Notebook

BY LOU BURKIN

If the Democrats in Lake County display the same fighting spirit next fall that they exhibited in trying to keep poor old "Doc" Nordstrom off their ticket in the special primary for State Senator, the Republicans are going to have a battle on their hands.

William Hartnett, Democratic Central Committee Chairman, was even able to enlist the support of Lake County's only daily, a strange alliance indeed, in his battle with the politically-minded pharmacist.

We recall with some glee Nordstrom's earlier battles with the regular parties and with the "legitimate" candidates, particularly the late Nick Keller, but we must agree that in this particular instance he has overstepped the bounds.

There is an appreciable difference between a legitimate candidate of the two parties, GOP Robert Coulson, and the Democrats' John Green, but Nordstrom would hardly qualify for this distinction since he has shown himself to be something less than a strong candidate in the past and has made a mockery of the election process.

Hartnett's careful scrutiny of the Nordstrom nominating petitions could establish an unhappy precedent for candidates in the future and it could even work a hardship on some precinct committeemen in both parties.

As a rule, a candidate will send petitions to each precinct committeeman and ask that he get them filled out and returned.

We don't know this for sure, but we have heard rumors that many of the signatures have suspicious similarities in handwriting style and there is a broad in the land a strong feeling that some committeemen fill out the petitions quite literally.

Waukegan Mayor Robert

## William Terry Is Promoted

SHEPPARD AFB, Tex.—First Lieutenant William L. Terry, Jr., formerly of Antioch, has received a regular Air Force commission.

Lieutenant Terry, who previously held a USAF reserve commission, was selected in competition with other reserve officers on the basis of his performance of duty, educational background and potential as an Air Force Officer.

The lieutenant, a personnel officer at Sheppard, is a graduate of the University of Illinois. He is the son of Mr. and Mrs. William F. Terry of 7415 Diversey of Elmwood Place, Ill. Lieutenant Terry and his wife, the former Mary E. Shepard of 654-N Main St., Antioch, have one child, Kelly.

## Along The Way

With Annie Mae

The melodious "oot, oot" of a callopie, the lumbering and swaying of several tons of pachyderms, brings nostalgic memories of other Circus days to you and me. But to the baseball and jump-rope set, the anticipation of a "real live" Circus arriving in town filled the air with the electric laughter and joy that belongs only (and rightfully so) to childhood. Whether you are young, old, or in between (and that's you and I), what would summer be without a Circus?

Another accomplishment of the Jaycees (you know) was the opening of their Info Center on the corner of Lake and Main Streets. Who wouldn't want information from the good looking "man in the booth"? Randy McConaha!

There is another fellow with a pleasant summer job: Larry, who directs the cars around the Main Street construction site, while having the opportunity of "watching all the girls go by." And quite a few stop and visit, too!

Don Gaston has come up with the latest in built-ins! A fishing rod! He built it right into the walls of his garage when he sheeted it this spring. Only thing is that it took a saw, drill, and a couple of holes in the dry-wall to get it out!

There may be a pot of gold at the end of the rainbow, but instead there was a heap of happy kids and tired adults at the end of more than 300 free rainbow cones they gave out at the opening of the Aqua Center Wednesday.

Grace Amendola, who directs (on her own time) a chorus of first through fourth grade voices at the Channel Lake School, literally received her thank you "on a silver platter" at the Graduation last Thursday. The school board gave it to her in appreciation for the wonderful work she has done.

Of the His n' Her who doubly oilt!  
I missed a pair who deal in oilt!

## Your Governor Reports

By OTTO KERNER

The social and economic crises engendered by unemployed youth is the subject of a conference being held in Chicago June 5 and 6. Attending are representatives of government, labor, management, education and community agencies. The purpose: To develop a program or coordination of private and public agencies to encourage the employment of youth.

Participating with me in this conference are business executives and state and federal authorities in education and labor. In addition to the subjects being covered by the speakers, workshop panels are discussing topics such as Youth in Rural Areas, Disadvantaged Youth in Urban Areas, Gearing Education and Training to Tomorrow's Labor Market, Coordination of Public and Private Efforts to Encourage Hiring of Youth, and Education and Employment for the Slow Learner.

The presently known numbers of unemployed youth and the prospects of increased numbers of young people who will enter the labor force are cause for alarm. This is a matter for grave concern and the need for formative steps to meet this problem are increasingly apparent.

We know for instance that current population figures indicate a possible 75 per cent increase in the number of 16-

year-olds in Illinois by 1975. By 1970 the increase of those between 18 and 21 years of age will be about 31 per cent. While these projections are for some years in the future, we are confronting a 42 per cent increase in the number of 16-year-olds in 1963 and 1964. The age 16 represents the critical year for many school dropouts and if we are even to hold the line on our present drop-out rate in Illinois, now averaging 40 per cent, and in some areas of Chicago as high as 70 per cent, we begin to comprehend the job ahead.

The urgency of this situation makes it imperative that the recommendations of this conference become more than mere thoughts to be discarded soon after birth. Unless this conference produces a plan which, when formulated into action, will begin and continue to make inroads into this social evil, we will be experiencing a cancerous situation beyond all hope of cure.

The conference represents a significant opportunity to make new beginnings; an occasion to analyze our existing problems; to take stock of what has been done, and guided by past successes and failures, plot out programs to do the job that desperately needs doing.

Different types they both do vend.

## St. Peter's Graduates 41. Honors Given for Attending

St. Peter's Catholic School recently graduated 41 students from the eighth grade. The students received their diplomas on May 30 at 4 p.m. Those graduating were:

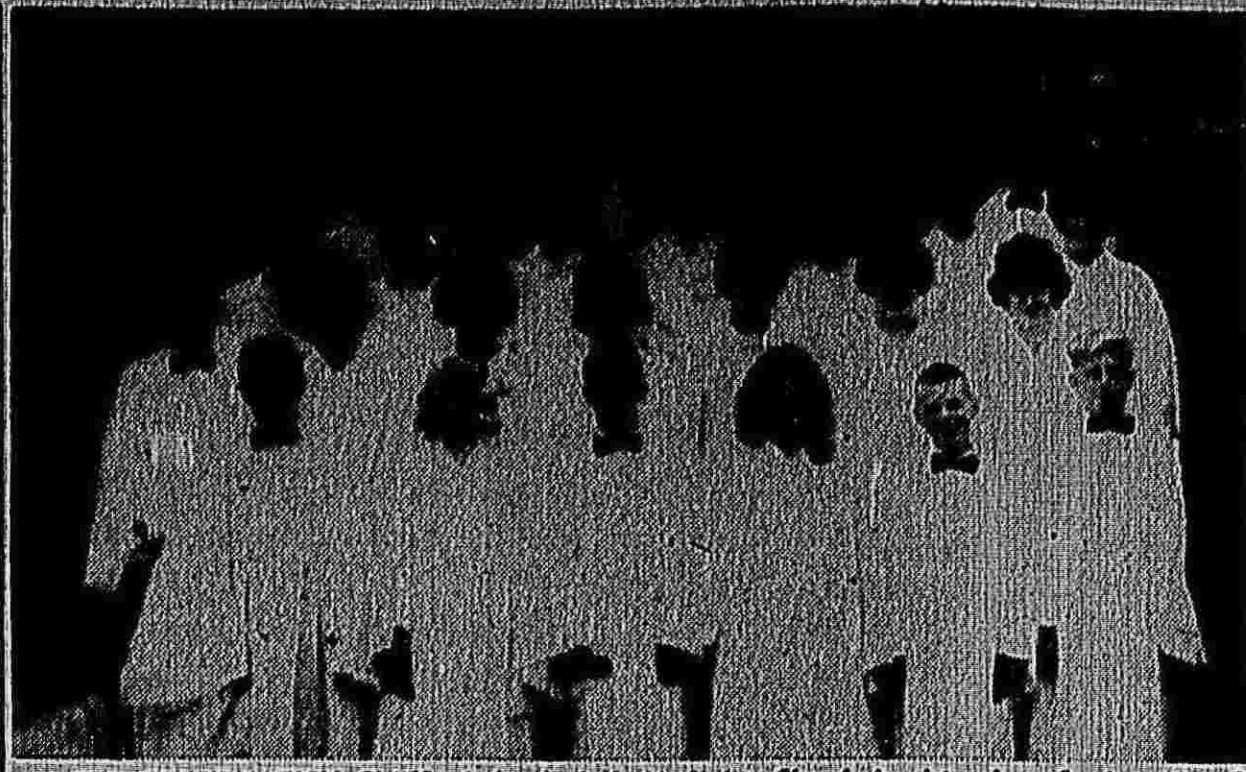

Donald R. Brausam  
Jeanine C. Colburn  
Francis W. Dowling  
Edward J. Elfering  
David W. Endeane  
Nancy Kay Fasano  
Elizabeth Jean Frank  
Thomas Harmon Garwood  
Ryan R. Gilday  
Virginia Ann Gudgeon  
Glen C. Halaman  
Edward P. Haley  
Terrence M. Harrison  
Ronald F. Horton  
Gerald F. Knigge  
George A. Kuzmickas  
Stanley G. Kuzmickas  
Maria Theresa Lang  
James H. Lubkeman  
Theresa Elizabeth Matussek  
James Francis McCarthy  
Donna Lee Mohr  
Timothy Terry Mortensen  
Robert A. Mozal  
Karen L. Mueller  
Frank R. Mueller  
Elizabeth Ann Nardi  
Sandra Eileen Pedersen

Timothy P. Proome  
Robert J. Rampp  
Kim C. Randall  
Barbara Grace Reband  
Jane M. Ring  
John M. Ring  
Kathleen Ann Ryan  
Shelia Kathleen Ryan  
Edward James Roach  
Patrick Daniel Sheehan  
George William Stahl  
Lorraine E. Stepenake  
Kathleen L. Toman

Besides rendering the students their diplomas, awards were given for perfect attendance. Ronald Horton (8 years), Karen Mueller (2 years) and 1-year awards to Francis Dowling, Edward Haley, Terry Harrison, Timothy Mortensen, Barbara Reband, and Edward Roach were given awards.

The American Legion Medal, which is awarded by a vote of the class, went to both Timothy Proome and Kathleen Toman.

Maria Lang was awarded \$100 toward high school expenses by the St. Peter of Antioch Knights of Columbus Council No. 3800.

THE CONFIRMATION CLASS of the Antioch Methodist Church is pictured on Sunday, May 27, after the 11 a.m. worship service. From left to right they are: first row: James Sorensen, Nancy Tammen, Stephen Henning, Natalie Morse, Harold Knutsen and Thomas Homen; second row: Arthur Melardik, Janet Feller, Linda Palinski, Linda Schneider, Elizabeth Cheatham, Mary Lesco, and Mickie Jones; third row: Michael Wojnowski, Thomas Blackman, Linda Ripley, Cheryl Toft, Jill Thompson, Barbara Casella and Melannie Jensen; fifth row: Donald Strong and David Chandler; rear: Miss Gail Frezier, assistant, and Dr. Milton Bayly, pastor pro tem.

## Millburn News

Regular services at Millburn Congregational Church Sunday, June 10, Sunday School and Church Services at 10 a.m.

Bible School classes will begin at Millburn church Monday morning, June 11, at 9. Children 4 years of age and older may attend. The session will last one week. Classes from 9 to 11:30 a.m. each day.

The Devotional Study Group met at the home of Mrs. Caroline Whipple May 24, with 18 present. The next meeting will be held at the home of Mrs. Bert Doolittle at 9 a.m. Thursday, June 14.

The Confirmation Class of 1962 at Millburn consisted of 10 boys and girls. All were confirmed at the Millburn Church, at the regular Sunday morning service.

George Butler who has been a patient at Condell Memorial Hospital for several weeks returned home Friday.

The ninth meeting of the Millburn Maidens 4-H Club was held May 21 '62 at the Millburn School. The club is planning a tour of a store or factory in the community. The club has previously toured a florist shop, a bakery and a clothing store. Talks were given by Mary Paulsen on "Having a Good Breakfast" and Mary Jane White on "Selecting Containers for Flower Arrangements." Demonstrations were given by Patty Denman, "Putting in a Hem," and Virginia White on "Preparing Basic Sweet Dough."

The fifth meeting of the Millburn Hornets 4-H Club was on Monday, May 14 at 8 p.m. in the Millburn School. Talks were given by Bob Brown on "Mallard Ducks," Martin Faulkner on "Dairy Hefers," Virginia White on "Show Equipment for a Beef Calf," and David DeYoung on "Electricity." Jim Clem and Larry Dada came from the Gurnee Firehouse and gave a talk on Causes of Fires and Fire Extinguisher.

Mrs. James Bonner and children of Kansasville, Wis., spent Sunday afternoon, May 27, with her mother, Mrs. Harley Clark.

Mr. and Mrs. Robert Smith of Libertyville were recent callers at the home of Mrs. Frank Edwards.

The Hickory Union Cemetery Association, Inc., held its open meeting Wednesday evening, June 6, at the home of Bert Edwards, on Highway 173. Triennial election of officers was held.

The white elephant-thrift sale held at the Millburn Church recently was very successful. The unofficial sum realized was \$435. Proceeds go to the building fund.

Mr. and Mrs. Roy Becker are the parents of a son born May 11.

The Ladies Aid had "Guest Night" at their evening meeting Wednesday evening, June 6. Mylo Club members were guests. There was a business meeting of the Aid Society.

Devotions were given by Mrs. Eric Anderson, and a program by Mrs. L. H. Messersmith. There was also a guest speaker.

The refreshment committee is composed of Mrs. Kenneth Denman, chairman, and Miss Ruth Minto, Mrs. Chalmers Wooley, Mrs. Eric Anderson and Mrs. Lauren Messersmith.

Mrs. Frank Edwards and Mrs. Jacob Kalut were dinner guests at the home of Mr. and Mrs. Robert Smith of Libertyville Wednesday evening, May 23, honoring the birthdays of Mrs. John Edwards and Robert Smith.

The Millburn Ladies Aid and Mylo Club are serving a family style chicken dinner at the church Wednesday, June 13. Tickets are available from members of the Aid and Mylo Club. Dinner at 5 p.m., 6 p.m. and 7 p.m. Reservation only.

Mrs. Eva Alling of Waukegan was a caller at the home of Mrs. Frank Edwards Wednesday.

The sixth meeting of the Millburn Hornets 4-H Club was held Monday evening, May 28, at 7:30 p.m. at the Millburn School. Talks were given by Diane Geier on "Ten Steps to Successful Gardening," Allen Murrie on "Dog Care," Tom Meyer on "Signals on the Highway," David Higginson and Jack Beake on "Gardening," David Stanonik on "Pigeons and Rabbits," Don Miller on an "Angus Heifer" and Paul Paulsen on "Wildlife Conservation."

Mr. and Mrs. George DeYoung were in charge of the program at the Millburn Cemetery Memorial Day service. Mr. and Mrs. Eric Anderson will have the services next Memorial Day.

Mr. and Mrs. Clarence Hauser and daughter, Doreen, of Paris Corners, Mr. and Mrs. Orville Hairrell and sons of Waukegan and Mr. and Mrs. Elmer Hauser and children of Beach, were callers at the home of Mrs. Frank Hauser Sunday afternoon.

Mrs. Harley Clark spent several days with relatives and friends at Williamsport, Ind., last week.

The Millburn Grade School held their school picnic on the school grounds Sunday.

Mrs. Kenneth Deedon and daughter, Dawn, returned home from Texas last Wednesday after visiting relatives for several days.

Mr. and Mrs. John Edwards and family and Mr. and Mrs. Robert Smith of Libertyville were callers at the home of Mrs. Frank Edwards Sunday.

All attended open house and pot luck supper at the Bert Edwards' 50th wedding anniversary.

Mr. and Mrs. Otto Hauser of Wadsworth were callers at the home of Mr. and Mrs. Frank Hauser Monday afternoon.

Mrs. Erma Predor and daughter of Waukegan were callers at the home of Mrs. Frank Edwards Monday afternoon.

## Public Health Dept. is Challenged by Clark

SPRINGFIELD, Ill.—Attorney General William G. Clark advised the State Department of Public Health to alter its recently proposed rule to give the press and other media access to marriage, divorce and other information. This proposed rule would authorize

any county or court clerk having marriage or divorce records in his custody to furnish, under such conditions as he himself prescribes, certain information from such records to the press, and to agencies administering health, safety and other public programs. The Public

Health department administers the new Vital Statistics Act.

Clark's opinion advised Dr. Yoder, director of the State Health Department that his department can properly make a rule controlling upon a county clerk insofar as such rule is applicable to the duties of the clerk under the vital statistics act. However, the opinion said, there is nothing in the act indicating that the Department has any control whatsoever over a county clerk while he is acting as clerk of the county court.

THE ANTIACH NEWS  
THURSDAY, JUNE 7, 1962

The same situation exists as to a clerk of a circuit court, the opinion said.

Clark's opinion pointed out that the Department's proposed rule does not provide for furnishing information concerning births and deaths to persons engaged in bona fide research, such as abstracters and suggests the proposed rule be changed to so provide.

Wise words from the past: Thomas Jefferson once said: "I have never considered a difference of opinion in politics, in religion, in philosophy, as cause for withdrawing from a friend."

## Grade School Graduates Eighty-Three 8th Graders

The Antioch Community Consolidated Grade School graduated 83 eighth graders last Thursday.

Music offerings were given by the Grade School Band under the direction of George Ollsar. The invocation was given by the Rev. Father Edmond E. Hood.

Board of Education president, Leslie W. Sorensen, gave the formal welcome to the students and gathered group of faculty and parents.

W. C. Petty, Lake County Superintendent of Schools, gave the address and presented the diplomas to the graduates after being introduced as the day's speaker by the school's Superintendent, Richard Whitacre.

Those graduated were:

Richard Lynn Albano  
Lark Mary Andre  
Donald Walter Andersen, Jr.  
Thomas Bradley Blackman  
William R. Blalock  
Mary Christine Booker

Roger Brandenburg  
Linda Pearl Brown  
Edith Renee Capano

## THE FLAMELESS ELECTRIC KITCHEN

WHEN YOU MODERNIZE YOUR KITCHEN, REMEMBER...

## A flameless electric kitchen won't go out of date

The lady above demonstrates the amazing flexibility of a flameless electric kitchen. Because there are no fuel pipes to get in the way, she can have her automatic electric dryer wherever she wants it. There are no vents to install, no pilot to burn. So the entire laundry unit can fit into a small area behind attractive sliding doors.

Of course, the electric range is the heart of every flameless electric kitchen. With it, you can cook your meals without overheating

your kitchen (or yourself). The oven is insulated on all six sides, not just five. Hardly any heat escapes. The surface units transfer heat directly into pans and into foods—not into your kitchen.

And because electric ranges burn no fuel, no dirt is created. Your kitchen (and everything in it) stays clean twice as long.

Before you spend a penny on kitchen remodeling, get a professionally-prepared plan based on your specific needs and budget. An

experienced kitchen specialist can show you how imaginative planning can save you steps and eliminate unnecessary bending and reaching. He can also help you work out color schemes and lighting effects and help solve storage problems.

For the names and addresses of kitchen modernization specialists in your area, call your nearest Public Service Company office.

# Topics for Today's Women

## Officers will be Installed Publicly by Rainbow Group

Mrs. Wilma Gibbs, mother advisor of Antioch Assembly 23 Order of the Rainbow for Girls, has announced that a public installation of officers will be held at 8 p.m. Friday in Wesley Hall of the Antioch Methodist Church.

Harriet Wells will be installed as the new worthy advisor, by Diane Welker, Grand Worthy Associate Advisor of Jewell Assembly, Chicago, as installing officer. She will be assisted by Dee Stillson, Grand Hope, of Antioch Assembly and also past worthy advisor, as installing marshal; Joan Wagner, past worthy advisor of Antioch Assembly, installing recorder; Kathy Rowe, member of Harvard Assembly, as installing soloist; Mrs. Mabel Weber, associate Matron of Antioch Order of Eastern Star as installing musician and Patricia Brown, retiring worthy advisor, mistress of ceremonies.

Judy Wells will give the Ode to the American Flag, and Leslie Ann Beese, member of Antioch Assembly, will give the Ode to the Rainbow Flag.

The Millburn DeMolay and

Anchor and Ark Chapter, Waukegan, will be escorts and give the 9 o'clock interpolation.

Mrs. Ernest Ott will be chairman of the refreshment committee, with Mrs. Albert Wiegart, Mrs. W. B. Gillum and Mrs. Ray Lindblad assisting.

## Moose Club to Sponsor Dance

The Twilighters and Charles Wyatt at the organ will furnish the music for Saturday night, June 9, for a baseball dance sponsored by the Sports Committee. Dutch Thode announced that tickets are going quite well but they will be on sale at the door. Proceeds from this dance are to be used to buy equipment for a Moose Soft Ball team. Any member interested in playing, should contact Dutch Thode, Jack Rohde or Leonard Guthrie.

A square dance is scheduled for June 10.

George Nelson, chairman of Las Vegas Day, Ronni Polson, Pres. Governor, and all committee members and officers wish to thank all the local merchants for the fine support given the Loyal Order of Moose by furnishing many nice prizes for Las Vegas Day. Festivities were very slow during the afternoon, but a fine crowd turned out in the evening. Plate lunches were served by the Women of the Moose during the afternoon and evening.

## Resident Graduates, Mayor Daley Present

Robert R. Marchini, of Antioch, received his Bachelor of Science degree from DePaul University on June 6. Abraham Ribicoff, U. S. Secretary of Health, Education and Welfare, delivered an address to the 550 students receiving degrees.

Among the host of dignitaries present at DePaul's commencement exercises were His Eminence Albert Cardinal Meyer, archbishop of Chicago, who presided over the event; Chicago's Mayor Richard J. Daley and C. Virgil Martin, president of Carson Pirie Scott & Co. Daley is a 1933 DePaul law graduate and has been mayor of Chicago since 1955.

Robert Marchini

## Dorothy Jach Given Degree

Galesburg, Ill. — Dorothy Augusta Jach, Box 544, Antioch, is one of 173 graduates receiving bachelor of arts degrees during the 117th annual commencement at Knox College June 4. The traditional ceremonies are held on the shaded east lawn of "Old Main," century-old central building on the Knox campus and famed site of one of the Lincoln-Douglas debates of 1858.

A major in Physics while at Knox, Miss Jach is a graduate of Antioch Township High School. She is the daughter of Mr. and Mrs. Fred W. Jach.

Commencement speaker for Knox commencement is John E. Swearingen, president of the Standard Oil Co. of Indiana.

ON SUNDAY AFTERNOON, an Open House was held in honor of the fiftieth wedding anniversary of Mr. and Mrs. Bert Edwards (above), at their home on Highway 173, east of Antioch. The Edwards were married in Chicago June 5, 1912, and have lived in the Hickory and Antioch area since that time. Their six children, with their families, were all present, along with many other relatives and friends.

## Meetings & Events

### THEATER SUPPER

A theater buffet supper will be held June 22 at Lorenz's Smart Country House following the Palette, Masque & Lyre's production of "Tea-house of the August Moon." Only 100 couples will be able to attend the buffet and tickets may be purchased from Helen Kopriva.

### RETURNS FROM TRIP

Bernard ("Buzz") Haviland recently returned from Australia where he had been helping the James B. Clow company lay out new pipe lines. He is the son of Mr. and Mrs. Bernard Haviland of Antioch.

### GIVEN SCHOLARSHIP

A scholarship award to St. Joseph High School, Kenosha, was given to Maria Lang at the recent graduation of St. Peter's School of Antioch. The donation was given by St. Peter's Council No. 3800 of Knights of Columbus.

### GROUP MEETS

The Countryside Hospital Association will meet at the Lake Villa Grade School on June 12 at 7:30 p.m.

Charles Hugh Letourneau, Chicago hospital consultant, will make his second phase report to the group. This phase of his study will cover a survey of doctors and personnel, and admittances to the hospital.

### AFRICAN VIOLET CLUB

The Chain-O-Lakes African Violet Club met at the home of Mrs. Charles Leydeker of Round Lake Beach on May 9. Mrs. Cordel Anderson acted as hostess.

The African Violet Tea, which was held May 6 at Grayslake, was discussed. A clock with a blooming violet at each hour was the decor of the Tea. Another interesting point of display was a totem pole of violets growing on a column of moss.

Coffee and cookies were served to guests attending. The next meeting will be held June 13 at 1 p.m. For information concerning this meeting, call JU-7-7028. Emma Sorenson will have a discussion on grafting violet leaves at this meeting.

## Degree Is Awarded To Resident Girl

Miss Mary Ellen Cranley, daughter of Mr. and Mrs. Edward P. Cranley of Antioch, was graduated from Barat College of the Sacred Heart in Lake Forest on June 4. Cardinal Albert Meyer presided. Miss Cranley, who received a liberal arts degree, plans to teach in the Chicago Public Schools this summer.

After teaching during the season she plans on attending Georgetown University, where she will begin graduate work in history.

Mary Ellen Cranley

## Darlene Harms To Wed Edward Kupietz

The engagement and approaching marriage of Miss Darlene Lorraine Harms to Mr. Eugene Paul Kupietz is announced by her parents, Mr. and Mrs. Melvin B. Harms of Lake Villa.

Mr. Kupietz is the son of Mrs. Edward Orbanowski of Chicago. The wedding for the couple is scheduled for June 30.

Darlene Harms

### LOCAL COLLEGE GRAD

Thomas McGreal, Antioch, was one of 157 graduates of St. Ambrose College, Davenport, Iowa, Sunday, May 27. McGreal, son of Mr. and Mrs. Arthur McGreal, Rural Route 4, received a bachelor of arts degree and majored in natural science.

Who Dry Cleaned Those Pretty Clothes In 1861?

Honey-chile, there was no dry cleaning in 1861. Miss Letitia had to have her clothes scrubbed and scrubbed by a plantation maid. That's why some of her photographs make her look tacky. Today, in 1962, Cleaners have developed a special scientific process to clean all sorts of fabrics, natural or synthetic. That's why our cleaning is better.

## Mr. John C. Hagen Has 80th Birthday

By Mrs. Pearl Kapell

Eighty years is a long time to wait for a birthday party. But John C. Hagen of Vetter's Subdivision decided it was worth waiting for when friends and relatives gathered at his home Wednesday, May 30, to surprise him on his eightieth birthday.

It was the first party he's ever had, and it was a dandy. About 35 relatives and friends gathered at the Hagen home while Mr. Hagen and his wife were entertained at lunch at Lorenz's by Mrs. Margaret Hook. Among the guests were a nephew and his wife from Downer's Grove, Mr. and Mrs. Ed Oline and Mrs. Hobbs from Chicago, and several Rebekahs and Odd Fellows. Mrs. Roy Lokke assisted Mrs.

Hagen in preparing the party. Mr. and Mrs. Hagen moved from Chicago to Vetter's Subdivision in 1947. He was a street car conductor before his retirement.

Woodcrest Subdivision will hold its annual picnic on July 7 and 8 this year. The picnic will be held on the parkway near the channel on Lake Avenue.

Mr. and Mrs. Don Marcusen, Highland Drive, are the parents of a baby boy, Jeffrey, born June 3 in Victory Memorial Hospital. Jeffrey weighed seven pounds two ounces at birth.

## Grad Plans to Attend College

## Mary Lou Gelst Receives Trophy

Mary Lou Gelst, daughter of Mr. and Mrs. Charles Gelst of RR 1, Grass Lake, was awarded the Hoffman Trophy given for an outstanding junior in Mundelein College's WAA. Mary Lou served as president of the WAA for the past year and has been elected secretary for the coming year.

Miss Gelst was also elected social chairman of the SNEA which is the Student National Education Association, a professional organization for student teachers. She is a history major and plans to teach in the public high school system.

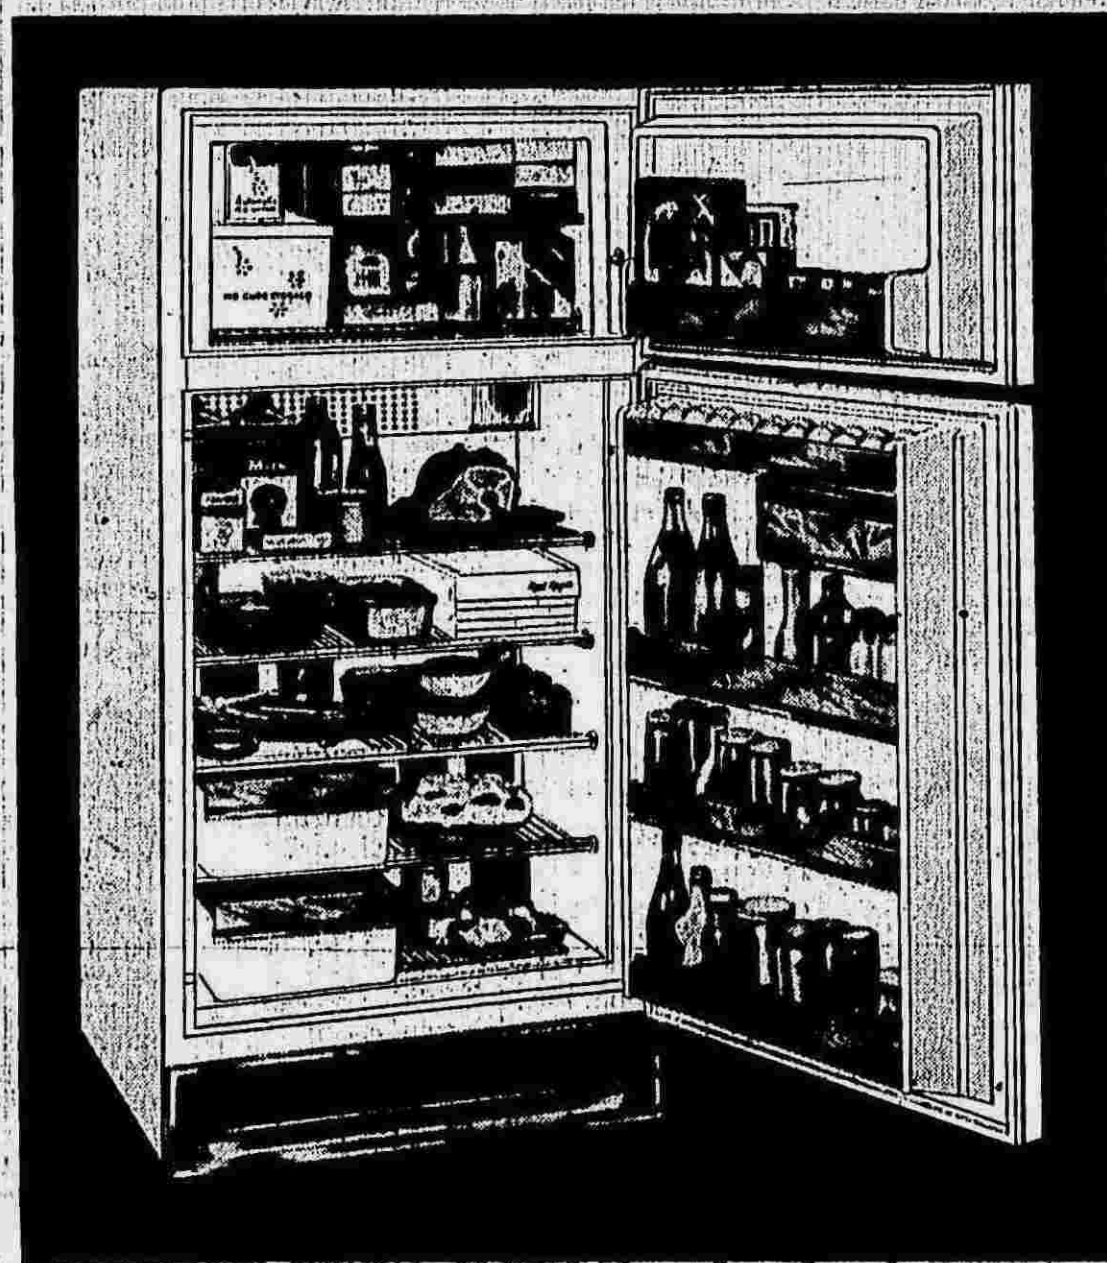

Mary Lou Gelst

al Day ceremonies on the Academy's 30-acre Butterfield Road campus outside Aurora.

Cadet PFC Nelson was active in the Marmon Drill Team and Track. He is the son of Mrs. Torborg Nelson of the above address. He plans to attend Parks University in St. Louis this fall where he will study Aeronautical Maintenance.

# MOST DEPENDABLE REFRIGERATOR EVER MADE

It's Norge!  
It's New!  
It's Gas!

It won't fail when the power does!

An exclusive safety feature makes the new Norge Gas Refrigerator the only refrigerator that keeps operating even when power failures stop ordinary refrigerators and spoil food.

Three appliances in one. This new Norge is a refrigerator, an automatic ice-maker and a true zero freezer.

True Never-Frost convenience from top to bottom—no defrosting in either the refrigerator or the freezer.

Automatic Ice Maker. Replaces cubes as they are used. No trays to fill, no water to spill. Ends struggle removing cubes from trays.

Glide-Out Shelves on nylon glides can't rust or squeak, won't ever jam or wear out. Slide with fingertip tug.

Designed for more years of trouble-free service. So well built, Norge gives you a 10-year warranty on the entire cooling system—twice the warranty you get with other type refrigerators.

Buy the most dependable refrigerator ever made. Five models to choose from. Get complete details at your nearby Northern Illinois Gas Company store.

Service around the clock

This Norge Gas Refrigerator (Model 724-990) with a true 13.32 cubic foot food capacity, holds 85 lbs. of food in its freezer, has completely automatic defrosting in refrigerator and freezer.

\$10 DOWN

Up to 60 months to pay 10-year warranty on entire cooling system

## Channel Lake News

**By Mrs. Pearl Kapell**  
The twenty members of the Class of '62 received their diplomas at the Channel Lake School, Thursday, May 31. The diplomas were presented to them by Richard Hatland, president of the Board of Education. Mr. Hatland also gave the graduation address.

The Reverend K. F. Haskell of the Missouri Lutheran Church, at present holding services in the Grass Lake school, gave the invocation and benediction. Commander William Chase of American Legion Post 748 presented the Legion's Merit Award for outstanding students to Kathy Patelski and Rodney Patterson.

Mr. and Mrs. D. C. Gibson of Abilene, Texas, announce the marriage of their daughter, Shirley, on May 11, to Airman 2/c Philip Case, son of Mr. and Mrs. Leonard Case of Channel Lake. The newlyweds are residing at 236 Sayles, Abilene, Texas. Philip is stationed at Dyess Air Force Base. When he completes his enlistment in November, the couple plan to return to Antioch to live.

Mrs. Richard Rogers underwent surgery for the removal of her gall bladder on June 1 at Zion Memorial Hospital. Cathy celebrated her birthday in the hospital on June 4. Her mother, Mrs. Harriet Runyard, took a birthday cake in to her to brighten the day.

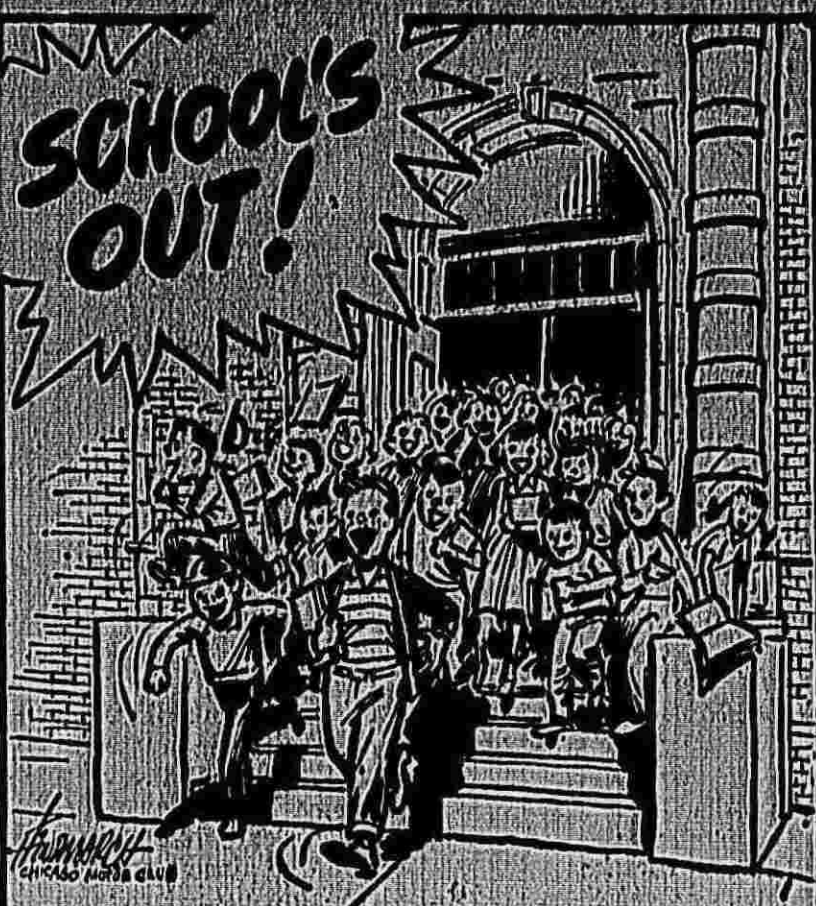

The Thomas Chase's gave a double birthday party to celebrate the birthdays of their son, Paul, on June 3, and his uncle, Bill Chase, on June 4. Guests at the party on Sunday afternoon were the Lee McKinnies, the John Runyards, Albert Chase, the Tom Runyards, Fred Runyard, Mr. and Mrs. Frank Ehler of Trevor, Eleanor Skora of Bristol, Mr. and Mrs. Paul Chase and the William Chases.

The Channel Lake Community Club is planning a Spring dance, to be held June 23 at the American Legion hall in Antioch. The Mellodees will furnish music for the occasion.

The next meeting of the Community Club will be on Tuesday, June 12, at 8 p.m. at the school.

Sidney Anderson of Lake Avenue is in Zion Memorial hospital recovering from injuries he received in an automobile accident last week. The accident occurred at the intersection of Routes 173 and 45.

Mr. and Mrs. John Weldin

**THE CHICAGO MOTOR CLUB CAUTIONS ALL DRIVERS TO BE EXTRA ALERT FOR CHILDREN DURING SUMMER MONTHS! BE ESPECIALLY ALERT IN PLAY AND RESIDENTIAL AREAS!**

## Oldtown Art Fair Springs Panther-like on Spring

**By Jay Nash**

Every year on June 9th and 10th, the Oldtown Art Fair Association holds forth its annual showing of scrawls, heaps, globs and morasses of paint on canvas to the public. The area in Chicago, known as Oldtown, a loosely plotted area from about North Avenue to Armitage and east of Lawrence, gives forth a tremendous conglomeration of artists, hack writers, pseudo-intellectuals, ad men, beatniks, folk singers, bums, publishers, editors—people on the skids, people on the way up and people on top.

Inconspicuously but it invariably in this multiple residential area of ancient brownstones, mid-Victorian apartment houses, and just about anything resembling a build-

ing left over from the Chicago Fire of 1871. At first, this area was a 'bad' section of town. Some artists moved in because the rents were cheap and the population of mixed nationalities and disaffected drunks offered subject material for their sketches and oils. Eventually, the owners of the old buildings discovered they owned structures of charm reminiscent of the old world, Greenwich Village and the Left Bank of Paris. Sketches of 'Oldtown' began to appear in swanky clubs and on the covers of avant-garde magazines. People took an interest. Some forged ahead and bought the decrepit property, painted doors garishly, put up wrought iron fixtures, gaslights and French windows with shutters.

The area in the last couple

of years has become famous and just about everyone who is anyone wants to move there so that he can be a neighbor of so-and-so. So-and-soes include Herman Kogan, Amusement Editor of the Daily News; Henry Rago, editor of the famous Poetry Magazine; Jazman Bob Connolly, Jerome Walker, impressionistic artist—all clustered in high ceiling apartments facing narrow streets.

Like the seasonal rush of the lemmings, the artists in the district, and some who inhabit the area only by day, lay out their artist wares annually to the throngs of people who gather to view, scoff, applaud, purchase and sometimes steal. A radius of seven blocks known as the 'Triangle' is fenced off and within this confine the artists stand either sheepishly or proudly next to their works on the sidewalks hoping someone will deign to favor them with a purchase.

The Oldtown Art Fair Association, whose attitude is to quote a friend of mine, 'We've got our own little cul-

ture—you've got your own little culture, let's appreciate each other separately, sports the showing.

If the residents of Antioch are looking for something unusual, both pleasing and dis-

THE ANTILOCH NEWS  
THURSDAY, JUNE 7, 1962  
tasteful in art, then the Oldtown Art Fair might make a nice Sunday afternoon outing. If not, not.

## Growth Pointed Out in 1963 Federal Budget

The 1963 fiscal Federal budget, according to the weekly release of the Taxpayers' Federation of Illinois, stresses (1) the necessary but costly programs designed to achieve our national security and international objectives in the current world situation; (2) the impact of the Federal expenditure and tax measures upon our international balance of payments problem; (3) the major role of the budget in achieving economic growth and stability; and (4) the desirability of achieving a "moderate surplus" as the best material policy to avoid risking damaging inflationary pressures.

But despite such emphasis, the budget provides for substantial increases in Federal spending, including increases in a number of non-defense areas, and relies upon optimistic and now apparently unrealistic revenue forecasts to achieve even the tenuous balance predicted. Moreover, the administration's recent request for an immediate public works acceleration program would increase Federal spending an estimated \$350 million in 1963 over the budget estimates; and the many proposals for new or expanded spending programs would involve billions of increased spending in future years.

There is only one way to insure that the Federal budget does not contribute to a rude awakening of inflationary practices in coming months. That one way, the Federation strongly believe,

is that we must recognize that our resources are not unlimited; priorities must be established among spending programs; and those priorities must be maintained. Demands upon government are great—missile programs, space research, urban renewal, manpower retraining, and many other needs are crowding in upon us. All of these must be spaced out in proper sequence against the resources available to meet them, and spending must be reduced to balance the budget.

The goose that lays the golden eggs cannot go on forever. Stringent standards must be applied to our fiscal policy. But with the Federal government having incurred deficits in all but 6 of the past 32 fiscal years, with Federal expenditures having jumped from \$3.6 billion to \$90 billion a year in that period, and with the Federal debt having increased from less than \$17 billion to \$295 billion, can taxpayers be expected to agree that the government has applied "overly stringent standards to our fiscal policy?"

## AN OPEN LETTER TO OUR COMMUNITY

We wish to thank you, the people of Antioch and Lake Villa, for your wholehearted support and attendance of the Jaycee sponsored Cole Brothers Circus.

May we continue to serve you in the coming months with:

1. The Teenage Safe Driving Rodeo, Sunday, June 10
2. The Summer Festival Beauty Pageant, Sunday, July 8
3. Six New Issues of the "Lake Region Doings"
4. Charter Celebration and Awards Dinner-Dance, Saturday, Oct. 13

Sincerely,

Lake Region Jaycees

P. S. Visit us at our tourist information center, Lake and Main Sts., Antioch

### ESTATE PLANNING

Estate planning is essentially a study of the impact of both the Federal Estate Tax and the Illinois Inheritance Tax upon the distribution of an individual's property at the time of his death. However, the impact of taxes is not, and should not be the most important or only consideration when drawing a will.

Where an individual's holdings are large enough, the estate planner's function is to follow the testator's (will maker's) basic distributive scheme and suggest ways in which the tax impact can be lessened within the framework of the testator's desires.

In many instances, of course there are no tax problems because the testator's estate is not large enough. Even in these instances, however, the attorney can be of assistance.

### Taxes as a Problem.

Take for example the situation of Mr. and Mrs. X. Over a period of years Mr. X has accumulated various holding worth upward of \$150,000. He has two grown children. It is his desire to leave everything to his wife in the event of his death, with the desire that his wife, in turn, will give everything to the children.

In this situation, upon Mr. X's death, one-half of his estate will pass to Mrs. X free from federal estate tax. This is called the marital deduction.

However, assuming Mrs. X retains her husband's entire estate, it will all be taxable again upon her death because she does not have a surviving

spouse, and, therefore, is not entitled to the marital deduction. It would be better to plan so that a part of Mr. X's holdings could be passed on to the children upon Mrs. X's death without further federal estate tax.

A commonly used method of achieving this end is for Mr. X's will to leave Mrs. X one-half of his estate outright, and one-half of his estate in trust, his wife to receive the income from the trust for the remainder of her life, and the principal to be distributed to the children upon Mrs. X's death.

### Other Tax Saving Devices

An attorney might also suggest other tax saving devices. Let's imagine the case of a younger man who is purchasing large amounts of life insurance to protect his wife upon his death, and to insure his children's education. The estate planner might suggest that the wife be made the owner of a portion of the insurance on her husband's life, so as to remove the insurance proceeds from the federal estate tax.

Under the federal law the taxability of insurance proceeds is not dependent upon the payment of premiums. Instead, if our young man holds none of the incidents of ownership of the policy, the proceeds will not be taxable in his estate upon his death.

It may be suggested by the attorney that the beneficiary clauses of the young man's insurance name individuals and not the estate of the insured because of the Illinois Inheritance Tax.

Under the Illinois Inheritance Tax Law, insurance proceeds which go directly to a named beneficiary are not taxable. However, those proceeds which are payable to an estate are taxable under the Illinois law.

### Non-Tax Problems

By no means, however, are tax problems the only ones with which the attorney can be helpful. Our fictional testator may be a young man with a family. In that event, the estate planner might suggest that thought be given to the children's custodial welfare in the event the young man and his wife should meet death in a common accident.

It might be well for the young man and his wife to designate in their wills which of their relatives they wish to have the custody of and to rear their children. They might want the same relatives to handle the children's finances.

In the event of the young couple's simultaneous deaths, they may want the relatives to have the custody of the children. That's the LAW No. 50-gal 2 children, but they may prefer to leave their property to a trustee for the benefit of their children until the children become of age.

Such a trust can be created to financially provide for the children's health, maintain-

### Insect Circular Released

A reprint of a popular circular about insect pests of trees and shrubs and their control has been released for distribution by the Illinois Natural History Survey.

Single copies of Circular 47, "Illinois Trees and Shrubs: Their Insect Enemies," are available without charge to Illinois residents from the Illinois Natural History Survey at Urbana.

Motorists should not weave from one lane to another warns the Chicago Motor Club. Such weaving in and out of traffic increases the risk of collision with other cars. Competent driver choose their lane with care and move from it only when they are certain they can do so without endangering others.

"I wonder what's the matter with an economy where businessmen has to borrow money to pay income taxes."—South San Gabriel, Calif. Independent.

ance, education and welfare. It can be drawn so that the trustee has power to use the principal of the trust fund as well as the income for the benefit of the children, if the parents so desire.

In any event, the principal function of the attorney in estate planning is to be certain that the testators' desires will be fulfilled upon his death.

This column is written to inform and not to advise. No person should apply or interpret any law without first consulting his attorney. Even slight difference in the fact may change the result under the law.

# Topics for Today's Women

## Officers will be Installed Publicly by Rainbow Group

Mrs. Wilma Gibbs, mother advisor of Antioch Assembly 28 Order of the Rainbow for Girls, has announced that a public installation of officers will be held at 8 p.m. Friday in Wesley Hall of the Antioch Methodist Church.

Harriet Wells will be installed as the new worthy advisor, by Diane Welker, Grand Worthy Associate Advisor of Jewell Assembly, Chicago, as installing officer. She will be assisted by Dee Stillson, Grand Hope, of Antioch Assembly and also past worthy advisor, as installing marshal; Joan Wagner, past worthy advisor of Antioch Assembly, installing recorder; Kathy Rowe, member of Harvard Assembly, as installing soloist; Mrs. Mabel Weber, associate Matron of Antioch Order of Eastern Star as installing musician and Patricia Brown, retiring worthy advisor, mistress of ceremonies.

Judy Wells will give the Ode to the American Flag, and Leslie Ann Beese, member of Antioch Assembly, will give the Ode to the Rainbow Flag.

## Luisa Vos to Obtain Degree

Miss Luisa Vos, daughter of Mr. and Mrs. E. F. Vos, 576 North Main Street, Antioch, will be awarded the bachelor of education degree from National College of Education, Evanston, in Commencement ceremonies at 10 a.m. Monday, June 11. Miss Vos is one of a class of 60 receiving this degree. Dr. K. Richard Johnson, president of National College, will present the degrees.

The Commencement speaker will be Dr. Paul Engle, widely known poet, teacher and former Rhodes Scholar. An honorary degree, doctor of humane letters, will be presented to Dr. Engle, and to Dr. Helen Heffernan, Chief of the Bureau of Elementary Education in California.

Miss Vos was member of Association for Childhood Education, Human Relations Club, Drama Club, and was on the staff of "National" school yearbook.

National College is known for its contemporary leadership and practice in its entire program for elementary school teachers and administrators. The College awards a bachelor of education degree on the completion of the four-year course and a master of education degree for the fifth year. The most recent addition to the schedule is a new graduate program of special education for teachers of the retarded.

## Joan Nicholl Ends Course

FORT McCLELLAN, Ala. (AHTN)—Pvt. Joan R. Nicholl, daughter of Mr. and Mrs. John P. Nicholl, 292 Maplewood Dr., Antioch, recently completed the eight-week typing and clerical procedures course at the Woman's Army Corps Center, Fort McClellan, Ala.

Private Nicholl received training in typing, military correspondence, English composition and grammar, filing and other general office skills.

She is a 1961 graduate of Antioch Township High School and was employed by F. W. Woolworth Co., Libertyville, before entering the corps.

### RAINBOW GIRLS

The Antioch Assembly, Order of Rainbow for Girls, will meet at 7 p.m. Monday, June 11, at the Masonic Temple. Miss Harriet Wells, worthy advisor, will preside.

Nancy Queen will be initiated into the order and plans for a Father's Day Dinner will be discussed.

Girls are urged to be present Sunday at 1:30 for practice at the Masonic Temple.

Anchor and Ark Chapter, Waukegan, will be escorts and give the 9 o'clock interpellation.

## Moose Club to Sponsor Dance

The Twilights and Charles Wyatt at the organ will furnish the music for Saturday night, June 9, for a baseball dance sponsored by the Sports Committee. Dutch Thode announced that tickets are going quite well but they will be on sale at the door. Proceeds from this dance are to be used to buy equipment for a Moose Soft Ball team. Any member interested in playing, should contact Dutch Thode, Jack Rohde or Leonard Guthrie.

A square dance is scheduled for June 16.

George Nelson, chairman of Las Vegas Day, Ronni Polson, Pres. Governor, and all committee members and officers wish to thank all the local merchants for the fine support given the Loyal Order of Moose by furnishing many nice prizes for Las Vegas Day. Festivities were very slow during the afternoon, but a fine crowd turned out in the evening.

## Resident Graduates, Mayor Daley Present

Robert R. Marchini, of Antioch, received his Bachelor of Science degree from DePaul University on June 6.

Abraham Ribicoff, U. S. Secretary of Health, Education and Welfare, delivered an address to the 550 students receiving degrees.

Among the host of dignitaries present at DePaul's commencement exercises were His Eminence Albert Cardinal Meyer, archbishop of Chicago, who presided over the event; Chicago's Mayor Richard J. Daley and C. Virgil Martin, president of Carson Pirie Scott & Co. Daley is a 1933 DePaul law graduate and has been mayor of Chicago since 1955.

Robert Marchini

## Dorothy Jach Given Degree

Galesburg, Ill. — Dorothy Augusta Jach, Box 544, Antioch, is one of 173 graduates receiving bachelor of arts degrees during the 117th annual commencement at Knox College June 4. The traditional ceremonies are held on the shaded east lawn of "Old Main," century-old central building on the Knox campus and famed site of one of the Lincoln-Douglas debates of 1858.

A major in Physics while at Knox, Miss Jach is a graduate of Antioch Township High School. She is the daughter of Mr. and Mrs. Fred W. Jach.

Commencement speaker for Knox commencement is John E. Swearingen, president of the Standard Oil Co. of Indiana.

ON SUNDAY AFTERNOON, an Open House was held in honor of the fiftieth wedding anniversary of Mr. and Mrs. Bert Edwards (above), at their home on Highway 173, east of Antioch. The Edwards were married in Chicago June 5, 1912, and have lived in the Hickory and Antioch area since that time. Their six children, with their families, were all present, along with many other relatives and friends.

## Meetings & Events

### THEATER SUPPER

A theater buffet supper will be held June 22 at Lorenz's Smart Country House following the Palette, Masque & Lyre's production of "Tea-house of the August Moon." Only 100 couples will be able to attend the buffet and tickets may be purchased from Helen Kopriva.

### RETURNS FROM TRIP

Bernard ("Buzz") Haviland recently returned from Australia where he had been helping the James B. Clow company lay out new pipe lines. He is the son of Mr. and Mrs. Bernard Haviland of Antioch.

### GIVEN SCHOLARSHIP

A scholarship award to St. Joseph High School, Kenosha, was given to Maria Lang at the recent graduation of St. Peter's School of Antioch. The donation was given by St. Peter's Council No. 3800 of Knights of Columbus.

### GROUP MEETS

The Countryside Hospital Association will meet at the Lake Villa Grade School on June 12 at 7:30 p.m.

Charles Hugh Letourneau, Chicago hospital consultant, will make his second phase report to the group. This phase of his study will cover a survey of doctors and personnel, and admittances to the hospital.

### AFRICAN VIOLET CLUB

The Chain-O-Lakes African Violet Club met at the home of Mrs. Charles Leydeker of Round Lake Beach on May 9. Mrs. Cordel Anderson acted as hostess.

The African Violet Tea, which was held May 6 at Grayslake, was discussed. A clock with a blooming violet at each hour was the decor of the Tea. Another interesting point of display was a totem pole of violets growing on a column of moss.

Coffee and cookies were served to guests attending.

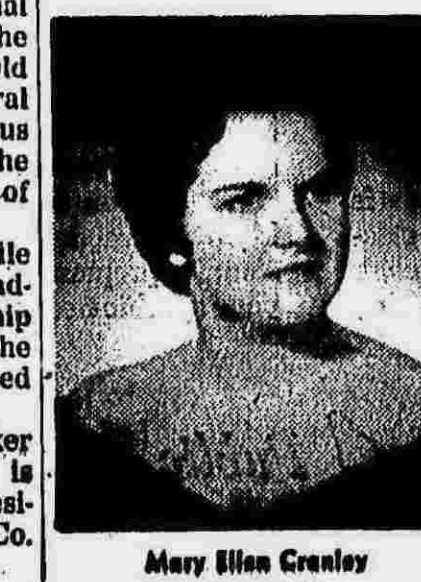

The next meeting will be held June 13 at 1 p.m. For information concerning this meeting, call JU-7-7028. Emma Sorenson will have a discussion on grafting violet leaves at this meeting.

## Degree Is Awarded To Resident Girl

Miss Mary Ellen Cranley, daughter of Mr. and Mrs. Edward P. Cranley of Antioch, was graduated from Barat College of the Sacred Heart in Lake Forest on June 4. Cardinal Albert Meyer presided.

Miss Cranley, who received a liberal arts degree, plans to teach in the Chicago Public Schools this summer.

After teaching during the season she plans on attending Georgetown University, where she will begin graduate work in history.

Mary Ellen Cranley

## Darlene Harms To Wed Edward Kupietz

The engagement and approaching marriage of Miss Darlene Lorraine Harms to Mr. Eugene Paul Kupietz is announced by her parents, Mr. and Mrs. Melvin B. Harms of Lake Villa.

Mr. Kupietz is the son of Mr. Edward Orbanowski of Chicago. The wedding for the couple is scheduled for June 30.

Darlene Harms

discussion on grafting violet leaves at this meeting.

### LOCAL COLLEGE GRAD

Thomas McGreal, Antioch, was one of 157 graduates of St. Ambrose College, Davenport, Iowa, Sunday, May 27. McGreal, son of Mr. and Mrs. Arthur McGreal, Rural Route 4, received a bachelor of arts degree and majored in natural science.

Who Dry Cleaned Those Pretty Clothes In 1861?

Honey-chile, there was no dry cleaning in 1861. Miss Letitia had to have her clothes scrubbed and scrubbed by a plantation maid. That's why some of her photographs make her look tacky. Today, in 1962, Cleaners have developed a special scientific process to clean all sorts of fabrics, natural or synthetic. That's why our cleaning is better.

## Mr. John C. Hagen Has 80th Birthday

By Mrs. Pearl Kapell

Eighty years is a long time to wait for a birthday party. But John C. Hagen, of Fetter's Subdivision, decided it was worth waiting for when friends and relatives gathered at his home Wednesday, May 30, to surprise him on his eightieth birthday.

It was the first party he's ever had, and it was a dandy. About 35 relatives and friends gathered at the Hagen home while Mr. Hagen and his wife were entertained at lunch at Lorenz's by Mrs. Margaret Hook. Among the guests were a nephew and his wife from Downer's Grove, Mr. and Mrs. Ed Cline and Mrs. Hobbs from Chicago, and several Rebekahs and Odd Fellows. Mrs. Roy Lokke assisted Mrs.

Hagen in preparing the party. Mr. and Mrs. Hagen moved from Chicago to Fetter's Subdivision in 1947. He was a street car conductor before his retirement.

Woodcrest Subdivision will hold its annual picnic on July 7 and 8 this year. The picnic will be held on the parkway near the channel on Lake Avenue.

Mr. and Mrs. Don Marcussen, Highland Drive, are the parents of a baby boy, Jeffrey, born June 3 in Victory Memorial Hospital. Jeffrey weighed seven pounds two ounces at birth.

## Channel Lake News

By Mrs. Pearl Kapell  
The twenty members of the Class of '62 received their diplomas at the Channel Lake School Thursday, May 31. The diplomas were presented to them by Richard Harland, president of the Board of Education. Mr. Harland also gave the graduation address.

The Reverend K. F. Haskell of the Missouri Lutheran Church, at present holding services in the Grass Lake school, gave the invocation and benediction. Commander William Chase of American Legion Post 748 presented the Legion's Merit Award for outstanding students to Kathy Patolski and Rodney Patterson.

Mr. and Mrs. D. C. Gibson of Abilene, Texas, announce the marriage of their daughter, Shirley, on May 11, to Airman 2/c Phillip Case, son of Mr. and Mrs. Leonard Case of Channel Lake. The newlyweds are residing at 226 Stoyles, Abilene, Texas. Phillip is stationed at Dyess Air Force Base. When he completes his enlistment in November, the couple plan to return to Antioch to live.

Mrs. Richard Rogers underwent surgery for the removal of her gall bladder on June 1 at Zion Memorial Hospital. Cathy celebrated her birthday in the hospital on June 4. Her mother, Mrs. Harriet Runyard, took a birthday cake in to her to brighten the day.

The Thomas Chase's gave a double birthday party to celebrate the birthdays of their son, Paul, on June 3, and his uncle, Bill Chase, on June 4. Guests at the party on Sunday afternoon were the Lee McKinneys, the John Runyards, Albert Chase, the Tom Runyards, Fred Runyard, Mr. and Mrs. Frank Ehler of Trevor, Eleanor Skora of Bristol Mr. and Mrs. Paul Chase and the William Chases.

The Channel Lake Community Club is planning a Spring dance, to be held June 23 at the American Legion hall in Antioch. The Melodees will furnish music for the occasion.

The next meeting of the Community Club will be on Tuesday, June 12, at 8 p.m. at the school.

Sidney Anderson of Lake Avenue is in Zion Memorial hospital recovering from injuries he received in an automobile accident last week. The accident occurred at the intersection of Routes 173 and 45.

## Oldtown Art Fair Springs Panther-like on Spring

By Jay Nash

Every year on June 9th and 10th, the Oldtown Art Fair Association holds forth its annual showing of scrawls, heaps, globs and morasses of paint on canvas to the public.

The area in Chicago, known as Oldtown, a loosely plotted area from about North Avenue to Armitage and east of Larabee, gives forth a tremendous conglomeration of artists, hack writers, pseudo-intellectuals, ad men, beatniks, folk singers, bums, publishers, editors—people on the skids, people on the way up and people on top.

Inconspicuously buildings vary in this multiple residential area of ancient brownstones, mid-Victorian apartment houses, and just about anything resembling a build-

ing left over from the Chicago Fire of 1871. At first this area was a "bad" section of town. Some artists moved in because the rents were cheap and the population of mixed nationalities and dissipated drunks offered subject material for their sketches and oils. Eventually, the owners of the old buildings discovered they owned structures of charm reminiscent of the old world Greenwich Village and the Left Bank of Paris. Sketches of "Oldtown" began to appear in swanky clubs and on the covers of avant-garde magazines. People took an interest. Some forged ahead and bought the decrepit property, painted doors garishly, put up wrought iron fixtures, gaslights and French windows with shutters.

The area in the last couple

## Growth Pointed Out in 1963 Federal Budget

The 1963 fiscal Federal budget, according to the weekly release of the Taxpayers' Federation of Illinois, stresses (1) the necessary but costly programs designed to achieve our national security and international objectives in the current world situation; (2) the impact of the Federal expenditure and tax measures upon our international balance of payments problem; (3) the major role of the budget in achieving economic growth and stability; and (4) the desirability of achieving a "moderate surplus" as the best material policy to avoid risking damaging inflationary pressures.

But despite such emphasis, the budget provides for substantial increases in Federal spending, including increases in a number of non-defense areas, and relies upon optimistic and now apparently unrealistic revenue forecasts to achieve even the tenuous balance predicted. Moreover, the administration's recent request for an immediate public works acceleration program would increase Federal spending an estimated \$350 million in 1963 over the budget estimates; and the many proposals for new or expanded spending programs would involve billions of increased spending in future years.

There is only one way to insure that the Federal budget does not contribute to a rude awakening of inflationary practices in coming months. That one way, the Federation strongly believes,

is that we must recognize that our resources are not unlimited; priorities must be established among spending programs; and those priorities must be maintained. Demands upon government are great—missile programs, space research, urban renewal, manpower retraining, and many other needs are crowding in upon us. All of these must be spaced out in proper sequence against the resources available to meet them, and spending must be reduced to balance the budget.

The goose that lays the golden eggs cannot go on forever. Stringent standards must be applied to our fiscal policy. But with the Federal government having incurred deficits in all but 6 of the past 32 fiscal years, with Federal expenditures having jumped from \$3.6 billion to \$90 billion a year in that period, and with the Federal debt having increased from less than \$17 billion to \$295 billion, can taxpayers be expected to agree that the government has applied "overly stringent standards to our fiscal policy?"

### Insect Circular Released

A reprint of a popular circular about insect pests of trees and shrubs and their control has been released for distribution by the Illinois Natural History Survey.

Single copies of Circular 47, "Illinois Trees and Shrubs: Their Insect Enemies," are available without charge to Illinois residents from the Illinois Natural History Survey at Urbana.

Motorists should not weave from one lane to another, warns the Chicago Motor Club. Such weaving in and out of traffic increases the risk of collision with other cars. Competent drivers choose their lane with care and move from it only when they are certain they can do so without endangering others.

"I wonder what's the matter with an economy where a businessman has to borrow money to pay income taxes," South San Gabriel, Calif., Independent.

ance, education and welfare. It can be drawn so that the trustee has power to use the principal of the trust fund as well as the income for the benefit of the children, if the parents so desire.

In any event, the principal function of the attorney in estate planning is to be certain that the testator's desires will be fulfilled upon his death.

This column is written to inform and not to advise. No person should apply or interpret any law without first consulting his attorney. Even slight difference in the fact may change the result under the law.

of years has become famous and just about everyone who is anyone wants to move there so that he can be a neighbor of so-and-so. So-and-so include Herman Kogan, Amusement Editor of the Daily News; Henry Rago, editor of the famous Poetry Magazine; jazzman Bob Connelly; Jerome Walker, impressionistic artist—all clustered in high ceiling apartments facing narrow streets.

Like the seasonal rush of the lemmings, the artists in the district, and some who inhabit the area only by day, law out their artist wares annually to the throngs of people who gather to view, scoff, applaud, purchase and sometimes steal. A radius of seven blocks known as the "Triangle" is fenced off and within this confine the artists stand either sheepishly or proudly next to their works on the sidewalks hoping someone will deign to favor them with a purchase.

The Oldtown Art Fair Association, whose attitude is, to quote a friend of mine, "We've got our own little cul-

ture—you've got your own little culture, let's appreciate each other separately," sponsors the showing.

If the residents of Antioch are looking for something unusual, both pleasing and dis-

## DEATH NOTICES

### JOHN HILBERT, SR.

John Hilbert, Sr., 57, of County Trunk, Ill., died Thursday at Divine Infant Hospital in Waukegan, Ill., following a two-week illness. Death was caused by a heart ailment.

Born March 6, 1905 in Yugoslavia, he has lived at Salem since 1908. He was a member of the Holy Name Church of Wilmot, Wis., and of Holy Name Society of that church.

He was employed as a welder by the Lash Co., Kenosha, Wis.

Surviving are his wife, Jewel; one son, John, Jr., of Chicago; two daughters, Mrs. Joy McKinney and Mrs. Judy (Jack) Grabarec, both of Pad-dock Lake, Salem; five brothers, Lawrence of Salem; George of Pecatonica, Nich-olas of Lake Geneva, Wis.; Max of Salem; and Joe Hilbert of Silver Lake, Wis.; three sisters, Mrs. Barbara Schmidt, Salem, Mrs. Sue Nilsson of Chicago and Mrs. Rose Faber of Silver Lake, and two grandchildren.

Funeral services were held at 9:30 a.m. at Strang's Funeral Home, to Holy Name Church, Wilmot, for 10 a.m. mass. Burial was in Holy Name Cemetery.

Rosary was said at 8:45 p.m. Friday.

### JOHN R. ULBRICH

John R. Ulbrich, 78, of Lake Ave., Channahon, died Tuesday afternoon at his home, following an 18-month illness.

Born July 8, 1883 in Sukard, Germany, he was brought to America at the age of three, settling in Chicago. He moved to Antioch 25 years ago, and was a retired caretaker for the Dr. Button and Goldstein residence at Channahon.

Survivors of Mr. Ulbrich include his widow, Louise.

## Will Farmers Need Franchise to Farm?

Secretary of Agriculture Orville L. Freeman, briefing farm magazine editors on the Administration's farm plans recently, allowed that under the proposed program of mandatory controls and production quotas, farmers would need a "franchise" to farm.

One of the editors, Wayne E. Swegle, Managing Editor of

two daughters, Mrs. Emily (Harold) Lichter, Chicago, and Mrs. Martha (Lorin) Kimmey of Channahon; one brother, Frank Ulbrich of Chicago; seven grandchildren and four great grandchildren.

Funeral services were held at 1 p.m. Saturday at the Strang Funeral Home, with the Rev. Gerald Robinson of La'ke Villa Community Methodist Church officiating. Burial was in Liberty Cemetery.

### EVA WIGAND

Mrs. Eva Wigand, 70, of Camp Lake, Wis., passed away Saturday afternoon in Kenosha County Hospital, after a three-week illness.

Born Nov. 2, 1885 in Yugoslavia, she came to America in 1912, coming to Camp Lake 11 years ago. She was a member of Holy Name Church, Wilmot.

Survivors include her husband, Albert; two sons, Joseph and Frank, both of Chicago; three grandchildren and two great grandchildren.

Friends called at Colonial Funeral Home Monday, where a parish rosary was said and at Hollerbach Funeral Home in Chicago on Tuesday. Services were held Wednesday morning at St. Theresa Church, with burial in St. Joseph Cemetery.

### HAWLEY C. CARR

Hawley C. Carr, 68, of Camp Lake, Wis., died Sunday evening at his home in Yaw Subd. Death was due to a sudden heart attack.

Mr. Carr was born March 22, 1894 in Waukesha, Wis., where he lived until moving to Chicago in 1911. He has resided at Camp Lake since 1943.

He was a 32 year member of Wm. McKinley Lodge No. 876 A. F. & A. M. of Chicago and of the Structural Iron Workers Union, Local No. 1, of Chicago. He was in the Navy in World War I and retired July 3, 1961 as a construction iron worker.

Mr. Carr is survived by his widow, Eva; a son, William D. Carr of Silver Lake, who is employed by the Kenosha County Police; a sister, Mrs. Sherwood Smith of Holmes Beach, Fla., and two grandchildren.

Services were held Wednesday afternoon at Strang's with the Rev. James McIllo-land of the Salem Methodist Church officiating. Burial was in Salem Mound Cemetery.

Successful Farming magazine, reports on the results of the briefing session in the June issue of Successful Farming. Secretary Freeman first emphasized that "we've got to face certain facts," among them a \$9 billion inventory of commodities that "costs us \$1 billion a year to handle."

Further, he said, "I don't think that the taxpayers are going to let us go on with support prices at anything approximating a reasonable level and keep on piling up food and fiber that at this time we can't use effectively."

"I don't think there's any alternative except that between price supports and supply management," Freeman said, "or no price supports and unlimited production."

Among the controversial controls on farmers proposed under the Administration's approach to supply management is the dairy "quota" proposal. With the quotas fixed, no new producer could enter the market unless he got a quota from someone else.

"We would seek to avoid the concentration of (quotas) in a few hands," Freeman said.

In spite of the resulting higher capitalization of the land involved and unchanged net income to the farmer, Freeman said he saw no alternative policy.

Freeman's economic adviser, Willard Cochrane, told the farm editors that the program would "get returns up initially, and then future producers would be buying assets in which they can produce and sell in a stable market."

Cochrane likened the situation to the franchise of an automobile dealership in a small town. "The value of that franchise gets capitalized into the business," he said.

"The next man who buys the business has to pay for the profitability of the past. And hence, the windfall of higher prices gets capitalized into farming, and in a (car dealership) ship."

"There will be a great deal of certainly introduced in agriculture that's not there now," said Cochrane.

Secretary Freeman then was asked if he was, "in essence, giving a franchise to the farmer to operate?"

"In a sense, I suppose that's true," he said.

### FBI REPORT

In a report to Attorney General Kennedy, J. Edgar Hoover announces that significant increases were recorded in several major categories of FBI accomplishments last year. There were more convictions and more apprehensions of fugitives. Fines, savings, and recoveries totaled some \$150 million—an amount far exceeding the FBI's operating budget.

### WHAT'S A CAR?

Elkhart Lake, Wis.—As defined by the Sports Car Club of America's 1962 General Competition Rules, an automobile is "a land vehicle propelled by its own means, running on at least four wheels not in a line, which must always be in contact with the ground and of which at least two must effect the steering and at least two the propulsion."

## ALL ABOUT BABIES...

A Public Service of the National Baby Care Council

### PROTECTING BABY'S HEARING

By Melfe J. Carlson, President, American International

There are many children who have some degree of hearing impairment. About 80% of this "early deafness" occurs before the child's fifth year; and much of it can be prevented.

Most hearing impairments are the result of childhood diseases such as meningitis, measles, scarlet fever, and influenza. Since these ailments, in their early stages, often resemble the common cold, the baby should be put to bed at the first sign of a cold symptom and the doctor called.

A hearing loss also can develop if care is not taken in cleaning baby's ear. Ear wax is a normal secretion from the glands in the ear canal and it helps to keep the skin healthy. It will, in most cases, fall out by itself as it accumulates. When sticky, it should be carefully wiped out.

It is suggested you consult your physician before you attempt to clean baby's ears. He will show you how to do this correctly so you don't injure baby's ears, pave the way for an ear infection or push the wax deeper.

Particular care should be taken to prevent water from entering the ear. Too much water can cause the delicate nose and throat tissue to swell. This will interfere with the ventilation to the middle ear and can result in impaired hearing.

Allergies of the nose, throat, and ears also can cause swelling which will obstruct proper ventilation of the middle ear and thereby interfere with the baby's hearing mechanism.

Infected tonsils and large or infected adenoids can endanger the ears. Obstruction from adenoids will tend to disappear in adolescence. But in young children the adenoids may grow large enough to fill the ear passage leading from the throat to the ear. Your doctor can advise you whether or not they should be removed.

Regular ear checks and hearing tests for the baby are the best safeguards against impaired hearing. Hearing societies, clinics and hearing aid manufacturers throughout the country urge periodic ear examinations and have assisted in establishing community hearing conservation programs.

At the slightest indication

of an ear infection or injury, baby should be taken to the doctor. Prompt and adequate medical treatment of infections and injuries is the best way to maintain good hearing and prevent a hearing loss.

### HOLD THOSE COMPARISONS

By William Kiley, Member, Nat'l Assn. of Science Writers

Editor, All About Babies

That you remember every little thing about baby's growing up is only natural. There's something fascinating about watching a baby develop, especially if baby is yours.

That because you remember you often compare your baby with someone else's baby or with your other children, is natural, too. For, after all, comparison is an instinctive human trait.

We compare when we shop, hire a baby sitter, select a TV program, and give our vote to a political candidate. There probably isn't a thing that we do or say or think that we do some degree doesn't include making a comparison.

Though the desire to compare is so much a part of us, take it from an experienced father—don't practice the art on baby.

You just can't compare your baby with any other baby. For that matter, you can't even begin to compare your baby with any of your other children. And for very good reason, too.

Every baby is an individual, the word "individual" means a single and particular being. In other words, your baby is his own sweet self. He cannot be an exact copy of any other baby.

For a time, during our son's first year, he gained a little over three pounds a month. We compared him with the baby across the street who was gaining hardly two pounds a month and decided we were raising a giant. Our doctor assured us our baby was normal and healthy and that his gains were in keeping with his large frame.

"Every baby," said our doctor, "develops according to his own schedule."

As we left the doctor's office, there was our neighbor in the waiting room. She had compared her baby to ours and had come to ask the doctor if she was raising a midget.

The folly of comparing one baby with another became even more evident when our daughter was born. Where the girl was early, the boy was

## Pinkertons Develop a New Warning System

The first low-cost combination burglar and fire protection service designed especially for Chicago area homes and apartments was announced by Pinkerton Security Corporation, 625 Factory Road, Addison, Ill.

Using miniaturized alarm units which require no cumbersome installation, the new service will be offered to families on a lease basis.

"Household burglaries are running at the rate of nearly 150,000 yearly, almost two every hour, compared to 118,000 in 1957, while 290,000 household fires occur every

year," a company spokesman said. He added that the new service is designed to guard against material loss as well as the threat of assault, rape, and murder that often accompany burglaries.

Under the Pinkerton plan, the compact alarm units are professionally installed by a service crew. The monthly charge includes mounting the alarms on all outside doors regardless of the number of such doors to be protected.

The alarm units, which measure 6 inches high, 2 inches wide and 2 1/2 inches deep, are self-contained and powered by long life batteries. No electrical wiring is necessary. The alarms are mounted on the inside of the door so they cannot be detected from the outside.

"Once the alarm is set by the user, it will automatically sound off when the door is moved or if the temperature in the room reaches 130 degrees, and the piercing alarm sound can be heard approximately 300 feet away," according to the company.

To keep the units at full charge, Pinkerton mails the user fresh batteries every six months. The top of each unit can be easily removed for battery replacement. Police records show that 87 per cent of burglars enter

late. Where the girl was fast, the boy was slow. Did this mean the girl was brighter than her more leisurely brother?

When we considered each child as an individual, it was quite evident that both were bright. Only the attributes, the special qualities that each possessed, were different. They're still different. The curious, fast moving little girl who poked her nose into everything is preparing for a newspaper career. The slow, easy going little boy who hummed himself to sleep, is now playing in a symphony orchestra.

## Food Market Survey Shows Best Purchases

CHICAGO — Ample meat supplies with costs declining from holiday peaks, slight improvement in seasonal produce supplies, and a return of growing hams as a spot bargain brighten this week's University of Illinois consumer service food value list.

Augmenting this is the indication that hams are heading into a lower price category for July 4th, some forecasts pegging prices below a year ago.

Only major item showing retail firmness is bacon, but for grades reflecting some advances.

For the marketing period ending June 9, the U of I notes these consensus values: Meats—porterhouse and sirloin steaks, chuck and rump roasts, pork steaks and chops, hams, poultry—fryers, large eggs, stewing hens. Produce—lettuce, radishes, cucum-

bers, strawberries, avocados, oranges.

Cattle receipts were large and about equal to week-ago despite the holiday, causing earlier price gains to fade although the total market was still ahead by 74c. Wholesale beef took a less-than-expected price rise, placing retailers in position to cut chucksteaks and steaks. These retail tags become typical: Blade cut chuck roasts, symptomatic of the roast trade, quote 35-59c commonly, round bone roasts 49-73c. Steaks reflect 85c-91.09 generally for sirloins, 85-89c promotional, \$1.35 for porterhouse, 95-98c for feature, and round steaks a firmer 95c.

While other markets ranged heavy, some Chicago curtailment was noted for hogs. Prices closed even despite a strong eastern shipper demand. Wholesale pork loins were in good demand, costs up 14c other fresh lines steady. Hams revealed lowering trends, bacon firm to higher. Retail pork prices were not holding as expected, settling up these situations: Rib end roasts commonly 39c and on feature 29c; loin end roasts 39-49c, center cut chops 59-89c, fresh Boston butts 49-49c, pork steaks mostly 55c but sometimes lower. Better grade hams quoted 69-73c.

Lamb continues in small volume and low demand, causing a 1c drop at live markets but a steady to 1c higher quote at wholesale. Retailers are essentially unchanged.

Stewing hens perked up the wholesale trade, even lower seasonal supplies being enough to rate a value nod. Pricing is by dealer's choice. Old faithful fryers are the continuing bargain in the face of unrelenting large receipts of light weight birds at the 27-39c prevailing range. New-crop turkeys are hitting the market as storage stocks exceed year-ago levels by 14,000,000 pounds. Storage factors and a pending federal market order referendum tend to dull trade. Heavy breaker trade activity offsets volume egg receipts, but weakens the market. Little. Retailers hold current 43-47c quotes for large grade A. Produce receipts are grow-

### U of I MARKET BUY

Heavy meat supplies and limited egg supply demand break costs of beef, pork and lamb. Fryers increase in cost for better grades. Late week merchandising shift to economy cuts. Retailers basically unchanged but seasonal variety reflected on...

## Trevor News

By Mrs. Grace Miller

The graduating class of the grade school had a dinner at the Rustic Manor on Thursday. They were accompanied by Mr. Warren Beuthling, Mrs. Betty Johnson, and Mrs. Gertrude Smock. Their summer vacation started on May 25.

Mrs. Edwin Kuska and daughter, Cheryl, left on Friday evening for their home in New Lisbon, Wis., for the summer. She will return in the fall as one of the teaching staff.

Mrs. and Mrs. Ronald Vos spent Sunday with Mr. and Mrs. Ray Anderson of Kenosha.

Mrs. Grace Miller accompanied Mrs. Andrew Tuft and son, Edward, to Madison on Friday.

Mrs. Rinta Leisner, Chicago, spent the week-end with Mrs. Nel Runyard.

Jim McAnish, Chicago, spent Saturday at the Nel Runyard home.

The Howard Schultz family spent Saturday in Kenosha at the Kenneth Schemenhauer home.

Mrs. and Mrs. James Sheen, Union Grove, called at the

ing in seasonal lines, especially for peaches and blueberries. Some costs drop. Short-term consumer advantages are in sweetcorn, lettuce, radishes, tomatoes, beets and greens. No one is venturing a long term outlook, however.

In fruits, Florida oranges are ingreater supply than anticipated, the crop now forecast at 11% over year-ago. Peaches, especially from the south, are 22% over the five-year crop average but less than year-ago. Cherries are running 10% over the average, and 55% over the year. Avocados are 50% greater in supply than last year.

Willis Sheen home on Saturday. Mr. and Mrs. Bert Miller, Wilkes, Wis., also called.

Mrs. Sadie Dooley, Mt. Prospect, Ill., is visiting her sister, Mrs. George Wilen, for a few days.

Mrs. Nel Runyard entertained Mr. and Mrs. Stanley Runyard and Mrs. Ann Runyard, Waukegan, on Memorial Day.

Mr. and Mrs. Ronald Vos spent Wednesday with the Ray Anderson family in Kenosha.

Mr. and Mrs. Richard Lutz held open house in honor of their son's eighth grade graduation on Sunday.

Mrs. Elizabeth Eaton, Pad-dock's Lake, and Mrs. Hattie Sorenson, Chicago, celebrated their birthdays at Lorenz's Smart Country House on Sunday with Mrs. Nel Runyard and Wilson as guests.

Mr. and Mrs. Glenn Eckert and family attended graduation services at the Union Grove Teachers College on Sunday. Their daughter, Mrs. Andy Kiser, was one of the graduates.

Miss Frances Mattia is one of 22 contestants from the State of Wisconsin for the title of "Miss in Dairyland."

Judging will take place at the Stout Institute in Menominee, starting on Thursday. The winner will be announced on Saturday evening.

Mr. and Mrs. Michael McNaughton, Superior, Wis., visited at the George Wilens' for a few days the past week.

Mr. and Mrs. Slim Schaefer, Mukwonago, Wis., called at the Willis Sheen home on Sunday. Mr. and Mrs. Don Bedore, Jody and Kristy of Kenosha were also callers.

"Summerize" Your Car

Many drivers have their faults, but at least driving a faulty car should not be one of them. Automobiles, according to the Institute for Safer Living of the American Mutual Liability Insurance Company, require definite mechanical servicing and changes between cold and warm weather use. For safer and more efficient summer operation, your car should be "summerized" in these areas: Replace contaminated engine oil and oil filter, clean or replace carburetor/air filter, have car lubricated in accordance with manufacturer's instructions. Radiator and cooling system should be flushed and an approved rust inhibitor added (except for cars using year around coolant compounds). Brake should be checked for wear, adjusted, and fluid added if needed.

The car's electrical system should be completely inspected for trouble-free performance. Make sure that tires will withstand summer driving at probable higher speeds and temperatures. A complete motor tune-up is recommended to improve reliability and fuel economy.

Springfield — A county which has established a county law library should collect a \$1 fee for each adoption proceedings filed in the county's courts of record but should not collect the \$1 fee for inheritance tax returns so filed in such courts, Attorney General William G. Clark has advised Stat's Attorney James V. Cunningham of Peoria County.

Research data from more than 2,000 dairy cows shows that the tape measure will probably never replace the record book as an indicator of a heifer's milk-producing potential. A University of Illinois dairy researcher says breeders have long looked for a single body measurement or a combination of measurements that could predict the performance of animals.

## Lake Villa News

By Mrs. Fred Bartlett  
Lake Villa, Ill. 60072

LAKE VILLA—The American Essay was sponsored recently by the Lake Villa American Legion Auxiliary. The subject was "What Patriotism Means to Me." Pupils of the seventh and eighth grades participated. Mrs. Clarence Perkins, Auxiliary Americanism chairman, made the awards at the graduation Sunday. Winners were Gretchen Prehn, first place and Terrance Miller, second place, both from 8th grade. All the essays were wonderful, but prizes could not be awarded to all entering.

Mr. and Mrs. Donald Brooks are receiving congratulations on the arrival of a son, born Monday at the St. Therese Hospital, Waukegan.

Arlene Laiting and Tona Gerber were visitors Memorial Day at the home of Mr. and Mrs. Albert Healey, Sr., of East Troy, Wis.

Mr. and Mrs. B. J. Cribb attended the graduation of their son, Jay, who graduated Sunday from the Lakeland College, Sheboygan, Wis.

Winsor Dalgaard, Jr., a student at St. Bede's Academy, Peru, Ill., is spending the summer vacation with his parents, Mr. and Mrs. Winsor Dalgaard, Sr.

John Hamlin, a student at St. Andrew's College, Davenport, Iowa, is spending the summer vacation with his parents, Mr. and Mrs. Lester Hamlin.

Ronald Mack, a student at Western State College, Gunnison, Colo., is home for the summer with his parents, Mr. and Mrs. Joe Mack.

Mr. and Mrs. Bob Hamlin from Lyons, Ill., were Sunday visitors at the home of Mr. and Mrs. Lester Hamlin.

The Masters and Mates of the Lake Villa Methodist Church will enjoy a picnic Saturday, June 16, starting at 6 p.m. at the home of Mr. and Mrs. Joe Botts on Grand Ave.

They will be contacted as to what to bring to the picnic. Mr. and Mrs. Jake Wallace

returned recently from a vacation at Lake Nancy, Wis.

A buffet supper was held Sunday at the home of Mr. and Mrs. Joe Botts. The following attended: from Waukegan, Mrs. Marjorie Moody, Mr. and Mrs. William Peterson, Larry Peterson, Miss Carol Higgins, Mr. George Hucker, and Mr. and Mrs. Edward Hucker and family; from Lake Villa, Mrs. Ada Barnstable, Mr. and Mrs. DeWayne Sands and daughter, Mr. and Mrs. Robert Smith and family, Mr. and Mrs. Edward Thamerus and daughter, Mr. and Mrs. Charles Kamen, Charles Kamen, Robert Rademacher, and from Trevor, Richard Blasi. The supper was in honor of the graduation of Danny Botts.

Mr. and Mrs. Ray Bartlett and family of Waukegan were Lake Villa visitors Sunday.

Mr. and Mrs. Joe Davis of Round Lake were visitors Monday at the home of Mr. and Mrs. Fred Bartlett, Sr.

**JUNE PICNIC**

The Little Lake Gardens Property Owners' Association will hold a Hi-Neighbor Picnic on June 24 at 10:30 a.m. at Kemp's Resort at Petite Lake.

Rudy Brausam, Jr., is the association's social director and Sophie Scholtz is the group's current president. Prizes will be awarded at the event and refreshments served.

Depend On Jewel For Quality Foods! Depend On Jewel For Quality Foods! Depend On Jewel For Quality Foods!

# Freshness Makes The Difference You Can Taste In Jewel Chickens!

You taste a sweet-meated mouth-watering flavor that comes only from the freshest chickens! That's why you can depend on particularly good flavor from Jewel Chickens because they are delivered fresh from the farm every 48 hours!

Jewel Chickens, you can be sure, are as perfect on the inside as on the outside because they carry Government Inspected and Government Grade A seals for your assurance of wholesomeness and quality!

These fresh, meaty frying chickens, whole or cut up, are completely clean and ready to cook. Barbecue them

over the coals on your outdoor grill with your own spicy sauce. Then bite into tender, golden brown fryers that almost dissolve in your mouth! You'll taste the DIFFERENCE, the FRESHNESS of Jewel Fryers, the Freshest You Can Buy!

**You Will Find...Jewel Pork Chops Are Better!  
HERE'S WHY:**

1. They are cut from Jewel's smaller, leaner pork loins and trimmed of excess fat and bone before weighing; which means you get only the meat you can eat!
2. Jewel Pork is Government Inspected for purity and cleanliness.
3. To insure freshness Jewel Pork is refrigerated from the time we receive it until you take it home!

How about Jewel's fresh and flavorful pork chops for dinner this week and —lean, tender pork chops, golden brown and still sizzling on the platter!

## Lindenhurst News

By Mrs. Bernice Bernau  
Editor 63449

Stanley Sutherland's parents are mighty proud of the results he received in three Antioch High School tests for sophomore and freshmen, and they may well be, too. Stanley broke the school records for chemistry tests based on college entrance tests. In one he received a 56, the previous high record was 50. In the other test he received a 74, and the previous high record was 70. He tied with Jeff Ryan of Antioch in the National Education Development test. They both received a 99. The boys are sophomores.

Stan is the son of John and Georgia Sutherland of 111 North Hickory Drive.

"Night-Owls" Ellen Harsh was hostess to the "Night-Owls" Friday night. Three tables of canasta were played, with three ladies to a table. Helen Mindak won a vase. Bert Harceg a set of plastic tumblers and Ida Christensen a set of long handled measuring spoons. Lots of goodies were consumed, including two home-made cakes.

**Luther League** Thursday evening, fifteen members of the Luther League of St. Mark's Lutheran Church in Lindenhurst were guests of the Luther League of Long Lake Trinity Church. The Naomi Circle of the church served. Miss Fanny Smith, a Negro parish worker from Chicago was the guest speaker.

**Garden Club** The Lindenhurst Garden Club did not meet Monday, due to all the graduation parties that evening. They will meet next Monday, June 11.

**Donut Day** Friday, June 8 is Salvation Army Donut Day. Be generous with your donation. Everyone knows the money is well spent.

**Graduations** If your child's graduation is getting you down, consider the Fabry family. Their son David graduated from Lake Villa grade school, Sunday, June 3. Fred graduated from

## THE ANTIOCH NEWS

THURSDAY, JUNE 7, 1962

Cornell College in Mount Vernon, Iowa, also on the 3rd. Phillip graduated from Antioch High School on Monday, June 4.

Fred will be going to Southern Illinois University in the fall, and Phillip to Northern Illinois University.

As if that isn't enough excitement for one weekend, Margo and Gus celebrated their 24th wedding anniversary June 4.

David is also being confirmed on June 10 at St. Mark's.

**Hospital Patients** Little 17 month old Georgianna Levas of 1812 East Hazelwood Drive had a convulsion Thursday and was taken to St. Therese Hospital by the Lake Villa Rescue Squad. She was running a very high fever.

Dale and David Mindak are home minus their tonsils. David thought he'd feel better if they were put back in again. (No can do, David.) Mesdames Lorraine Anderson, Rosemary Buksas and Ruth Burke also were St. Therese Hospital patients last week. Speedy get well wishes are on the way.

**Newcomers** Mr. and Mrs. Richard Mauck are new residents of Lindenhurst, since last November. They are a nice young couple with two children, Patrick 4, and Cindy 2. They formerly lived in Antioch, on Route 173, near Lake Catherine, but originally are from Round Lake.

Dick is a tool and die maker and is foreman at the Claude Quadrel Machine Shop in Antioch.

**Graduation Exercises** Graduation exercises at Prince of Peace School took place at 4 p.m. Sunday afternoon in the Church. Father Thomas P. Byrne, pastor of Our Lady of Mt. Carmel Church in Chicago, gave the address.

**Anniversary** Congratulations to Mr. and Mrs. Ronald Schneider of Sand Lake Road on their 13th wedding anniversary May 28. In thankfulness of the occasion they provided the flowers for St. Mark's Church Sunday. They have a son, Randy, who is eight years old.

Ron is being transferred July 15 to Havertown, Pa., near Philadelphia. He is employed by Cities Service Oil. They have purchased a home there and will have to sell their home here.

**Baby Shower** Mrs. Ted Flanagan, our first lady, was guest of honor at a stork shower Sunday afternoon at the home of Lu Stanley. Co-hostess was Nancy Kleffner. The Flanagans have three children, Billy 10½, Jeannie 7½, and Kathy 5 years old.

Bringing diapers, blankets, sheets, shirts, etc., were Mesdames Wynne Claffy, Lu

Weber, Zenia Neumann, Mary DiSilvestro, Bernice Frankzak, Dee Flint, Ethel Brendel, Grace Slove, Minnie Hart, Mary Shore, Frances Prohaska, Mary Ellen Kleffner, Mrs. Wheeler, Ruth Payne, Esther LaChance, Martha Brunner and Bernice Bernau.

**Teenager** Carol LaBarbera, 103 North Whiteoak Drive, celebrated her thirteenth birthday Sunday with a party for 12 of her classmates.

**Kindergarten Graduation** Graduation exercises for Mrs. Marie Davis' and Mrs. Mary Stangel's morning kindergarten classes were held Monday afternoon. The combined afternoon classes had theirs Tuesday afternoon.

The program was a typical daily routine. The children did whatever they wanted to

when they first came in, such as draw, play with blocks or paint. They then welcomed the parents in "Spanish." The audience joined the children and their teachers in the pledge of allegiance.

Mr. Bradley, principal, presented the certificates. Eighty-two children graduated. By coincidence, Lake Villa Consolidated School also had 82 kindergarten graduates.

**Lawnmowers** This is just a word of warning. Please be careful when mowing your lawn. In the past three weeks one of our local hospitals had 25 emergency cases involving lawnmowers. Above all, keep the little children away from them. Stones, glass, paper and wire tossed up by mowers have caused many gashes and lashes.

**Operation** Michael Anderson, 6, of 411 South Thornwood Drive entered St. Therese Hospital Sunday to be operated on for hernia. Sickness is sure plaguing the family. Last week two-year-old Steven came down with the measles, and Mrs. Anderson came home from the hospital recently. Let's hope things will be looking up for the family soon.

**Garden Club** The Lindenhurst Garden Club will meet at 8 p.m. Monday, June 11 at the Hooper School. Reed Hill Florist in Grayslake will demonstrate how to make corsages. Ladies interested in learning how to make them are invited to attend. Mrs. Mary LaBrillo is president.

**Men's Club** The Lindenhurst Men's Club will meet Thursday, June 7, at the Civic Center at 8 p.m. To be discussed will be the completion of the building, such as boxing in of the building and cleaning up possibilities of having a joint splash or bowling party with the members of the Lindenhurst Women's Club and their spouses; and plans for the Block Party to be held on the Civic Center grounds June 22 through 24.

A very interesting and informative film, "The Ultimate Weapon," is scheduled to be shown. Men in the Navy have viewed it. All male residents of the village are invited to attend. Lyle Mercer is president.

The movie "Tarantula" with John Agar, Mary Corday and Leo G. Carroll will be shown at the Civic Center Saturday afternoon, starting at 1:30. It's all about a monster spider.

**Holy Name** Donald Oelerich will be installed as president of the Holy Name Society of Prince of Peace Church Sunday, June 10, when they meet after the 8 a.m. mass. Al Smith will be the new vice-president; Robert Buksas, secretary and Henry Nebels, treasurer.

The out-going officers are Joe Hellstern, president; James Kates, vice-president; Owen Duffy, treasurer and Jack Halvey, secretary. All men of the parish are invited to receive Holy Communion with the society, and to attend the breakfast and meeting that follows.

# Newcomer Wins Sun. at Waukegan Race Track

WAUKEGAN, June 3—In only his second appearance of the season, Paul Feldner of Colgate, Wis., scored an exciting and impressive victory at the Waukegan Speedway Sunday night, as he came from the rear end of the field to take the win by a matter of inches on the final lap. In doing so he prevented a fellow competitor, Russ Reynolds of Racine, from capturing his first feature event of record.

Reynolds, whose qualifying speed placed him in the pole position for the 25 lap event, jumped off to an early lead and it seemed for a time that he had the race in the bag.

## Road America Slates International Races

ELKHART LAKE, Wis. — Sunday racing ordinarily features a Road America weekend, but when the International June Sprints come up June 16-17 there are the makings for one of the finest Saturdays in course history.

Three races will be held Saturday afternoon—and all three are capable of producing some exceptionally spirited competition. The first is at 2 o'clock for cars of G and H production; the second is at 3 p.m. for A-B-C production machines; and the third is at 4:15 with Formula Juniors running. The first and third races are 60 miles long, the second 80 miles in duration.

Of the trio, the second race packs perhaps the greatest potential. Here will be running such machines as America's own home-built Corvette against such foreign vehicles as England's new Jaguar XKE and Aston Martin DB4 GT and the Italian Ferrari 250 GT, all in the most potent A class. This quartet of cars could result in some spectacular racing.

Of special interest, undoubtedly, will be the rivalry between the XKE Jaguars and the Corvettes. The XKEs are in their first full racing season, while the Corvettes have been a formidable threat since 1958. So far, the Corvettes

have had a slight edge in their early competition, but the season is still in its infancy.

For the Saturday windup, the "strictly racing" Formula Juniors will have their in-ping. These are the cars which burst upon the American racing scene just two years ago and which are small editions of the European Formula One Grand Prix. Built by a variety of concerns—Stanguellini, Lotus, Elva, Cooper, Sadler, Isis, and more—these "Juniors" are fenderless, single-cockpit beauties of comparatively modest horsepower but with superb cornering abilities to make for hot racing.

Also on the docket Saturday will be considerable practice time: from 9 a.m. until 1 o'clock for cars of both the Saturday and Sunday races. With drivers trying to find their "groove" and their cornering techniques, practices can be fascinating to watch.

Sunday's slate finds practice from 9 a.m. until 10:30, after which will come the three races: 60 miles for cars of F production and H modified at 11 a.m.; 80 miles for cars of D-E production at 1 p.m.; and 152 miles for cars of C-D-E-F-G modified S.C. A. classes and also sports cars of Appendix C in classes 7-through-15 under F.I.A. banners at 2:30.

## Stillman Records 1st Season Win

The 1958 and 1959 track champion, Eddie Stillman of Milwaukee, was back in form once again as he scored an impressive victory in the 25 lap main event for the modified stocks before a slim, weather frightened crowd of only 1,200 persons, May 27.

Stillman, who holds the point lead in the new 1962 championship standings, increased the margin as he came from the rear end of the 18 car field to take the lead away from pole setter, Doug

## Three Teams Tie for 1st Place in Little League

A three-way tie developed for the first place in the Lake and Little League as the White Sox edged the Pirates at Twin Lakes by a 2-1 score. Mike Thom of the Sox pitched a one-hitter as Jimmy Noonan's triple was the only Pirate base hit. Steve Miller and Ronnie Kaskin led the Sox batters with 2 hits each.

The Yankees won over the Braves in a game played at the Fox River County Park by a score of 7-3. Mike Vanderzee led the Yankees at the plate with a triple and single and Denny Williams pounded a long home run. Johnny Schmalfeldt hit a triple and

## Jr. Dodd Triumphant At Wilmot Speedway

Jr. Dodd of Waukegan surprised the large field of cars on hand for the second race of the season at the Kenosha County Speedway on Saturday night as he went into the lead on the third lap of the feature and ran off in a near hideaway from the rest of the cars to win the race in a time of 8:30.42.

Behind him the cars were running much closer and there was considerable changing of positions as first Steve Stevens, Freddie Reynolds, Bill Shoulders and finally Bob Karry of Waukegan held second spot.

There were several cars taking the hard way out of the race as first Tom Hubbard of Salem hit the wall in front of the grandstand and then his car was struck by Eddie Irvin of Waukegan. Both cars were badly damaged but the drivers were not injured.

## Bay Darnell Speeds to Wilmot Track Triumph

Bay Darnell of Antioch was the winner of a fast feature race of twenty laps at the Kenosha County Speedway in Wilmot Saturday night as he pushed home the leader in a time of 8 minutes, 34.28 seconds. He took the lead from Bill Shoulders of Waukegan on the 10th lap of the feature and held off threats from Jack Radtke of Grayslake through the 20th lap when Radtke spun but corrected and continued, collecting 8th money. Eddie Stillman of Milwaukee worked his way from 12th starting position to 2nd for the best pick up driving in the feature. Third money went to Bob Karry of Waukegan who was also fastest qualifier with a time of 19.01 seconds. Shoulders was fourth and Tom Aschenbren-

ner of Milwaukee was fifth. The semi-feature race was a spectacular fare of crashes as 2 cars started but only nine were able to answer the starter's green by the third restart. Six cars were sidelined when Steve Stevens of Druce Lake spun in the third corner of the second restart necessary when Don Olson of Round Lake rolled over in the first turn. Kenny Holden of Barrington was the eventual winner in 5:03.13 for the 15 laps.

The four ten lap heat races were won by Richard Bentley of Twin Lakes; Kenny Holden; Russ Sorenson, Racine and Darnell. Darnell was the fastest with a time of 3:42.30.

The spectator car heat races were won by Dennis Burgan of Zion and Rodger Hagle of Antioch. The feature was grabbed by Mel Schneiderman of Woodstock.

## Track Slates Celebration

Cool weather held the crowd down to approximately 2000 fans but the car turnout was the largest this year as 70 cars took part in the eight event program.

Because nearly all schools are now closed for the summer months, Waukegan Speedway track manager, Mike Kaishian, has announced plans to hold an "out-of-school" celebration on Sunday night, June 10. Highlighting the regular Sunday night program of modified and sportsman stock car racing will be a gigantic demolition derby which is always a crowd pleaser for young and old alike. It will be the season's first demolition event at Waukegan and the first at any track offering fans modified stock car racing under the Midwest banner.

The demolition derby, for those not familiar with the term, is an event in which strictly stock automobiles are manned by dare devil drivers who deliberately smash them up in accident after accident, until they are no longer able to run under their own power. The last car still running is the winner through a long process of elimination.

The regular events will also be staged. Headlining a large field of modified stars and cars will be current point leader, Eddie Stillman of Milwaukee, the 1958 and 1959 track champion at Waukegan. Others include last year's champion, Bill Strom, of West Allis, Jack Radtke, Grayslake, Bob Karry, Waukegan and Lindenhurst, Gordon Norman, Libertyville, John Reimer, Milwaukee, Don Sorce, West Allis, and Swede Erickson of Gurnee. Time trials begin at 7:15 with racing getting under way at 8:30. Over 10 events in all are on the sched-

*Announcing...*  
**SUMMER FILL DISCOUNT**  
**NOW IS THE TIME**  
Fill your Fuel Oil tank now and we will deduct 1c per gallon from your present price.  
**SAVE MONEY AND PREVENT CONDENSATION**  
The air in an empty tank will form condensation which may cause rust. A FULL tank prevents condensation because the air is replaced by fuel oil.  
**A FULL TANK**  
A full tank is perfectly safe and will be ready for instant use for those few chilly days that we always have every summer.  
**PRICE PROTECTION INCLUDED**  
If the price for your grade and tank capacity drops between the date of your summer fill and September 1, 1962, we will refund or credit your account with the difference.

All persons interested are invited to attend said hearing and be heard.

# How to help keep your country a good place to spend your savings in

It takes more than money to enjoy your savings. If you don't think so, ask a refugee from a communist country.

One way you can help make sure you'll enjoy your savings is to save with U.S. Savings Bonds.

The money you put into Savings Bonds grows fast and comes back to you 38½% bigger. But while it's growing for your future, it's helping Uncle Sam stand up for

freedom wherever men want to be free.

Without freedom, the growth of your savings would seem pretty small. That new home, or the retirement you're saving for, would offer little comfort.

Start buying U.S. Savings Bonds to-

day. It's one of the best ways you can invest in a comfortable—and free—future.

In this church in America? In 1960 we built 4,915 new churches in the U.S. The one above is St. Basil's Cathedral in Red Square, Moscow—once one of Russia's greatest churches, now a museum.

Can money alone give you a secure future? Millions of Americans are answering that question by buying U.S. Savings Bonds.

## Keep freedom in your future with U.S. SAVINGS BONDS

The U.S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this newspaper for their patriotic support.

## THE CHANGING SCENE

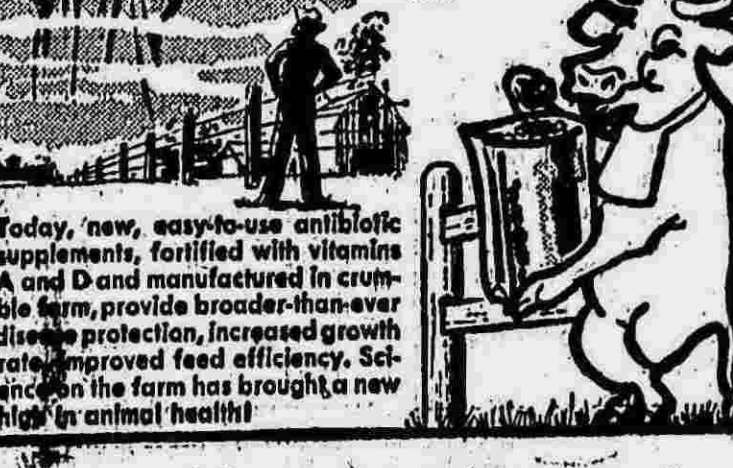

## Science on the Farm

Vitamins, hormones, antibiotics... all were unknown to the farmer of the turn of the 20th century. Data on animal nutrition was limited and poor, haphazard feeding produced inferior livestock.

In 1949, growth-stimulating antibiotics such as Terramycin were discovered... ushering in a new era in livestock and poultry production. Other growth promoters—hormones, tranquilizers, arsenicals, chemobiotics—have since become a part of the farmer's vocabulary, and the animal's diet.

"A shocking expose of political corruption in the \$41 billion federal interstate highway program has been revealed by the House subcommittee that reaches across the nation... The federal government has been so eager to usurp power, willing to do everything for everybody, paying for it with our own money, that it has grown to a gargantuan size and as a result has broken down. This break down is an economic evil, since it is we, the taxpayers who must foot the bill for the political graft."—Belle Chasse, La., Plaquemines Gazette.

## Helping Hand

"The best place to find a helping hand is at the end of your own right arm." —Whitehall Register Republican.

## THE ANTIOCH NEWS

THURSDAY, JUNE 7, 1962

## HOW MUCH IS GASOLINE WORTH?

Who or what determines the price you pay for gasoline?  
In a manner of speaking, you—the user—determine it. That doesn't mean, of course, that you can drive blithely into a service station and tell the operator just what you'll pay for a tankful and expect him to agree. But it works like this:  
Petroleum refining is known as a joint-cost operation. When crude oil is broken down it produces gasoline—but it also produces fuel oil and various other products. No one can determine just what the difference in cost is between one and another. The situation is analogous to a meat packer who processes a pound of T-bone steak and a pound of tallow from the same steer. It costs, roughly, as much to process the one as the other. But that certainly doesn't mean that the per-pound cost of T-bones and tallow could or should be the same.

So it is with oil products. Gasoline commands a higher price than other yields from the crude. And the reason is that each oil product is, and must be, priced in a way that reflects the value that consumers put on it. That value is established by their purchases.

Finally, a basic consumer protection is found in the make-up of the oil industry. The number of competing suppliers is far greater than in other comparable enterprises. There are 180,000 service stations, all looking for customer favor. And gasoline is a commodity which is difficult and expensive to store, so all concerned have to seek immediate outlets. The result is that it is a first-class value. More than two-thirds of the price charged for it at your service station is accounted for by state and federal sales taxes which have caused the chief price increases.

Based on the record of gasoline prices and taxes, oil companies are justified in answering critics with righteous and persuasive indignation.

Springfield — Bruce Zak, 5934 North East Circle, Chicago, is planning to launch a rocket and, wanting it to be done properly and legally, has asked Attorney General William G. Clark to ascertain what national laws there are governing or restricting such a venture. Clark referred him to Washington.
